Product Description

Calf weaner , Weaning Paddle , Weaning flaps, Calf Weaning Ring , plastic cow weaner

Calf weaner. Sometimes a calf is quite persistent and continues to nurse long after it should be weaned. Rather than keeping the calf and its mother in separate pastures, a calf weaner could be attached to the calf's nose. The weaner had sharp spikes sticking out from it that would cause the cow to kick the calf and keep it away.

Name: Calf Weaner

Model: HL-MP56A HL-MP56B

Material: ABS Non-toxic plastic

Function: Calf weaner prevent calves from nursing, but allow them to graze and maintain physical contact with cow.

Features: calf weaner be made of ABS Non-toxic plastic, safty for using. With rapid weaning efficiency, calf weaner is reusable and non-invasive.

Name	Calf Weaner
