Product Description

38L Calf Feeding Bucket Food Grade Material Goat Feeding Bucket With Multiple Nipples

Product Description:

This type sucking method, which is more in line with the physiological requirements of the newborn calf, giving the calf a comfortable and natural mother-like feeling. The same intermittent milk supply effectively prevents and avoids the adverse factors affecting the normal development of the calf, such as diarrhea, abnormal fermentation, indigestion, and foreign body pneumonia.

Quick Detail:

Name	Model No.	Material	Number of Nipples	Volume	Weight
Calf Feeding Bucket	HL-MP70C	PE	6	38L	3.4KG
