

Steel Material 100mm Hoof Cutting Disc With 8 Blades For Cow

Our Product Introduction

for more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: JiangSu
- Brand Name: Chuangpu
- Certification: High Quality
- Model Number: HL-Q7G1
- Minimum Order Quantity: 1pc
- Price: USD\$135.00-159.00/pc
- Packaging Details: Packing Carton
- Delivery Time: 6-8days
- Payment Terms: T/T, Western Union, paypal
- Supply Ability: 1000pcs/month

Product Specification

- Material: Aluminum Alloy
- Model: HL-Q7G1
- Usage: Hoof Trimming
- Weight: 0.26kg
- Disc Dia: 100mm
- Hole Dia: 22.2mm
- Highlight: steel hoof cutting disc,
8 blades hoof cutting disc,
100mm hoof grinding disc

Product Description

Hoof Trimming Using Steel Material Hoof Cutting Disc With 8 Blades For Cow

Product Description:

Hoof disease is one of the four most common diseases in dairy Cows. As the specific conditions of each farm is different so the frequency of hoof disease is, which will not only affect the normal life of dairy cows, but also decline the production performance of cows. Improper handling can even lead to cow death, resulting in greater economic losses. Therefore, it is very necessary to do "nail beauty" for cows.

This disc is used with an angle grinder to form a small electric hoof trimming machine. It is mainly used for cow hoof trimming and can also be used for sheep, horses and donkeys. The cutter is made of imported alloy material with strong wear resistance. The aluminum alloy disc is oxidized to greatly.

Quick Detail:

Name	Model	Inner Hole Dia	Disc Dia	Weight	Angle Grinder
8 Blades Disc-I	HL-Q7G1	22.2mm	100mm	260g	125 Grinder
8 Blades Disc-II	HL-Q7G1-II			254g	

Advantage of Hoof Trimming disc

- Pass the national patent certificate, and the product has been registered in the China Article Numbering Center;
- The cutter head is made of aluminum alloy after more than 10 procedures, and the surface is hard-oxidized, which is light, good in heat dissipation and high in strength;
- The blade is made of Japanese imported alloy material, the surface is fully coated, and the wear resistance is increased by 3-5 times;
- Most of the cutter heads on the market have not undergone hard oxidation treatment, and the service life is not long;
- With brand packaging, factory inspection certificate, instruction manual, and operation video;
- The brand has been registered with the Trademark Office of the State Intellectual Property Office;
- Have a professional cutter head design team and production team;

Competitive Advantage:

- Warranty: one year warranty;
- Wide range cows farm equipment: headlock, free stall and hutch;
- Reliable quality and excellent products
- Sample is available
- Lifetime technical service support
