

## 100mm Aluminum Alloy 7 Blades Grinder Disc For Hoof Trimming

Our Product Introduction

for more products please visit us on [mobilemilkingmachine.com](http://mobilemilkingmachine.com)

### Basic Information

- Place of Origin: JiangSu
- Brand Name: Chuangpu
- Certification: High Quality
- Model Number: HL-Q7F
- Minimum Order Quantity: 1pc
- Price: USD\$64.00-108.00/pc
- Packaging Details: Packing Carton
- Delivery Time: 6-8days
- Payment Terms: T/T, Western Union, paypal
- Supply Ability: 1000pcs/month

### Product Specification

- Material: Aluminum Alloy
- Model: HL-Q7F
- Usage: Hoof Trimming
- Weight: 0.29KG
- Disc Dia: 100mm
- Hole Dia: 22.2mm
- Highlight: 7blades grinder disc for hoof trimming,  
100mm grinder disc for hoof trimming,  
7 blades hoof cutting disc

## Product Description

### Hoof Trimming Hoof Cutting Disc With 7 Blades Aluminum Alloy High Quality

#### Product Description:

Hoof disease is one of the four most common diseases in dairy Cows. As the specific conditions of each farm is different so the frequency of hoof disease is, which will not only affect the normal life of dairy cows, but also decline the production performance of cows. Improper handling can even lead cow death, resulting in greater economic losses. Therefore, it is very necessary to do "nail beauty" for cows.

This disc is used with an angle grinder to form a small electric hoof trimming machine. It is mainly used for cow hoof trimming and can also be used for sheep, horses and donkeys. The cutter is made of imported alloy material with strong wear resistance. The aluminum alloy disc is oxidized to greatly.

#### Quick Detail:

Name	Model	Inner Hole Dia	Disc Dia	Weight	Angle Grinder
7 Blades Disc-I	HL-Q7F	22.2mm	100mm	290g	125 Grinder
7 Blades Disc-II	HL-Q7F-II			250g	

#### The importance of Hoof Trimming

The foot trimming is to cure the cow. Hoof disease is a common disease in cattle farms. The sick cows will not stand straight and the knees will bend to reduce the stress and relieve the pain. In this way, the cow becomes a yak, because the pain will make the cow's appetite weak and reduce the diet. Over time, the cow will become thinner and thinner, the milk production will be less and less, and the whole resistance will decrease. At this time, it is necessary to treat the cow by repairing the hoof, and clean up the parts of the decay and necrosis in time to cure the condition of the cow.

Therefore, it is very important to do "nail beauty" for cow.

#### Advantage of Hoof Trimming disc

- Pass the national patent certificate, and the product has been registered in the China Article Numbering Center;
- The cutter head is made of aluminum alloy after more than 10 procedures, and the surface is hard-oxidized, which is light, good in heat dissipation and high in strength;
- The blade is made of Japanese imported alloy material, the surface is fully coated, and the wear resistance is increased by 3-5 times;
- Most of the cutter heads on the market have not undergone hard oxidation treatment, and the service life is not long;
- With brand packaging, factory inspection certificate, instruction manual, and operation video;
- The brand has been registered with the Trademark Office of the State Intellectual Property Office;
- Have a professional cutter head design team and production team;

#### Competitive Advantage:

- Warranty: one year warranty;
- Wide range cows farm equipment: headlock, free stall and hutch;
- Reliable quality and excellent products
- Sample is available
- Lifetime technical service support
