## Product Description

### Calf Farm Equipment High Quality SS Anti-kick Bar SS304 445mm-770mm

#### Product Description:

Midwifery equipment is widely used in the cattle breeding industry. Its main function is to quickly pull the calf out of the mother, thereby reducing the suffocation problem of the calf in the mother for a long time, and also reducing the production time of the cow, which can reduce the probability of the cow's postpartum syndrome.
