Product Description

Anti - Corrosion Acid Proof Dairy Free Stalls With Single / Double Row Type

Quick Detail:

- Could be divided into single row type and double row type;
- Material: hot dipped galvanized steel pipe
- Structure: bedding, bovine jugular track, clamp, bolt;
- Cattle Spacing: depends on cows age;

Description:

Cow Free Stall provides rest place for cow, and regulates the rest position of each cow. It is customized according to different kinds of cow's shape, and made of hot-galvanized steel pipe. It adopts concrete casting fixed on site, and the cow neck rail with cow sitting apparatus regulates the cow lying on the right position on the bed. Good bedding will make the cow have less disease, mastitis, nipple damage.

Features:

- Galvanized Pipe:anti-corrosion, acid proof and durable;
- Could suit different cow/cattle/dairy size;
- Various length and width available;
- Install easily and quickly;
- Customized;

Applications:

1. used for cow and cattle;
2. used to make sure the good sleep of cow;
3. used to regulate the cow lying on the right position on the bed;

Specifications:
