Product Description

Dry Type Vacuum Pump Mobile Milking Machine With Stainless Steel Teat Cup

Quick Detail:

- Item: Dry Type Vacuum Pump Mobile Milking Machine With Single Bucket
- Model: HL-JN07
- Bucket: food grade stainless bucket
- Theory: dry type pump
- Voltage: 220-380V,40-60Hz
- Power: 550w-750w

Description:

Dry Type Vacuum Pump Mobile Milking Machine: the difference between vacuum pump and dry pump is that the dry pump mobile milking machine don't need the pump oil, and the spiral slice need change after one year, like the milking machine spare parts. This machine is also designed according to international standard, milking reliable, instead of traditional way by hand. One set of mobile milking machine is constituted by milk pulsator, milk claw / cluster, stainless steel teat cup, milk liner / inflation, vacuum pump, vacuum meter, vacuum regulator etc.

Features:

- Robust construction means easy maintenance.
- Easy to manoeuvre.
- Large heavy duty wheels easy to move around.
- Few and robust parts-low service and maintenance.
- Goat milking machine also available.
- Single and Double buckets available.
- Low noise, so as not to spook the livestock.

Applications:

- cows, goats, sheep and buffaloes
- small and medium farms
- domestic

Specifications:
