Quick Detail:

Name: Single calf pen
 Model: HL-MP10E
 Material: polyethylene PE
 Specification: 1880L x 1460mmW x 1230mmH
 Weight: 66KG
 Components: 1* front baffle, 2x*panel, 2* buckets
 Animal: calf/lamb

Description:

Calf housing, also named calf hutch, combines the natural benefits of outdoor calf-rearing with a shelter which provides optimum living conditions whatever the weather is. The calf housing has a commodious inside space for workers stand-up operation. The optional fence mounted feed saver and 2 buckets protects the feed from weather and the birds. The calf housing is made of glass reinforced plastic, one hygienic material, with a long time use life; food grade bucket material and strong fence.

Features:

1. Clean, dry, well ventilated and draught free.
2. A moderate temperature all year with low humidity.
3. New fully opening, easy access rear bedding door for quick and easy bedding up
4. Easy to manage and move
5. Hygienic and easy to clean
6. Require no planning permission
7. Reduce straw usage
8. Quick and accurate assessment of calf health

Applications:

The best shelter(calf housing) for calves, sheep and goats.
