

## Cobbled Top Milking Machine Spares , Anti Slip Durable PVC Rubber Cow Mat

### Our Product Introduction

#### Basic Information

- Place of Origin: China (Mainland)
- Brand Name: HL
- Certification: ISO9001: 200, ISO9001-2008
- Minimum Order Quantity: One set
- Price: Negotiation
- Packaging Details: Pallet
- Delivery Time: 15-30 days
- Payment Terms: T/T
- Supply Ability: 300sets/Month
- Warranty: One year

#### Product Specification

- Highlight: milking equipment parts,  
milking machine spare parts

## Product Description

### Cobbled Top Milking Machine Spares , Anti Slip Durable PVC Rubber Cow Mat

#### Quick Detail:

- 1.The available size: 4'x6'x10/12/17/mm
- 2.Weight:28kg/32kg/46kg
- 3.Surface:Cobbled top Broad Ribbed Base
- 4.Hardness:50/60Shore
- 5.Package:Wood Pallets
- 6.Volume of a 20' container:750pcs/650pcs/450pcs

#### Description:

- 1.The best choice for preventing cows/horse get concussion from concrete floors by providing a warm insulating layer
- 2.Reduceing stress on the legs when horses are standing on the rubber stable mat.
- 3.With appropriate bedding helps horses reduce the risk of respiratory disease.
- 4.Significant time saved in mucking out.

#### Benefits:

- 1.Protection, insulation, and a real saving on bedding and time - are now being more widely recognised in the world equine industry.
- 2.Ideal for use in stables, horsewalkers, washboxes and transport, we believe that The Stable Mat's proven record of effectiveness, durability and value make it the obvious choice.
- 3.Once you have read about The Stable Mat system, we think you will agree that rubber mats are a guarantee that life will be a lot easier - both for your horse and you. For a small outlay and a little installation work, you'll be delighted with the result, year after year.

#### Applications:

1. Horse and cattle yards and pens
2. Cattle trucks
3. Feed pads
- 4.Surface protection

#### Specifications:
