Product Description

Cattle Trucks Milking Machine Spares Rubber Mat for Cows Laying Space

Quick Detail:

- 1)The rubber mat pass ISO9001
- 2)Popular in Australia,USA and Europe market
- 3)Horse mat,stable mat, cow mat

Description:

Horse, cow, stable matting Encourage healthy activity When a cow lies down, it put two thirds of her bodyweight on her front knees. This impact is very painful on hard surfaces, so that the cow may not lie down enough to rest, ruminate and maintain good health. The NM053 natural rubber cow mat for tied-up barns absorbs the shock from lying down, securing comfortable conditions for cows to stand and lie down painlessly. With this rubber mat cows can rise up easily after resting in comfort: Rise, eat, and drink enough to produce large quantities of high quality milk. Promote productivity

Features:

1. Anti Slip Surface Porous style to keep floor dry and clean
 2. Easy to install and Easy maintenance
 3. Kitchen mats keep busy kitchen and food preparation areas safe.
 4. Use our kitchen mats for isolated areas or interlocking rubber tiles to pave larger areas.
 5. Kitchen mats are dense rubber mats that provide for fatigue relief, comfort, and proper water drainage.
 - 6.Keep your walking areas safe from grease, moisture, and food with our wide selection of kitchen mats and rubber mats
- This rubber mat is anti-fatigue,is well used in the kitchen of hotel, home, pass-way, workshop, and other public places.
- 7.We are exporting it to USA, Australia, UK, Brazil and other countries now.

Applications:

1. Horse and cattle yards and pens
2. Cattle trucks
3. Feed pads
- 4.Surface protection

Specifications:

Item NO.	HLG004
Item	Stable rubber cow mattress
Material	Nature rubber
Color	Black
Tensile Strength (Mpa)	≥2.5
Elongation(%)	≥150
Hardness(Shore A)	65+/-5
Density(g/cm3)	1.25
Length(m)	1.83
Width(m)	1.22
Thickness(mm)	17

Competitive Advantage:

Reduces laminitis and lamenes
 Reduces premature culling
 Improves udder, leg and claw health
 Increases milk yield
 Improves milk quality
 Reduced work load
 Less bedding Material
 Easier to keep clean
