

## Polyvinyl Chloride / Rubber Milking Equipment Parts Milk Hose , Pulse Milk Tube

### Our Product Introduction

#### Basic Information

- Place of Origin: China (Mainland)
- Brand Name: HL
- Certification: SGS FDA
- Model Number: HL-MP35A
- Minimum Order Quantity: 10meters
- Price: Negotiation
- Packaging Details: Carton Packaging
- Delivery Time: 10-15 days
- Payment Terms: T/T
- Supply Ability: 30000meters/Month

#### Product Specification

- Highlight: milking equipment parts,  
cow milking machine parts

## Product Description

### Polyvinyl Chloride / Rubber Milk Hose , Pulse Milk Tube For Delivering Milk

#### Quick Detail:

- Model: PVC Milk Tube
- Model No.: HL-MP33A
- Material: PVC material
- Size: 12x22mm
- use for mobile milking machine

#### Description:

The most important connector for the milking system: air tube / pulse tube, also all tube( hose / pipe)could be made of polyvinyl chloride material and rubber material, no smell, non-toxic. PVC material milk tube and pulse have been approved by SGS certificate. Pulse tube: single pulse tube and double pulse tube.

The milk tube / pulse tube has the greatest impact on milking efficiency, hygiene and cow comfort, more than any other milking machine components.

#### PVC Milk Tube:

- 1)12mmx22mm
- 2)16mmx26mm

#### Application:

The double pulse tube be used to deliver the milk, and connect claws and pulsator and milking bucket.

#### Specifications:

|              |                     |
|--------------|---------------------|
| Model Number | HL-MP33A            |
| Item         | PVC Milk Tube       |
| Material     | PVC                 |
| Length       | 2.8M(cut to length) |
| Packing      | 50m/roll            |
