Product Description

Food Grade Metal Aluminum Milk Can For Storing / Transporting Milk

Quick Detail:

1. Stainless steel material
2. High rubber sealing ring
3. The cover with gasket
4. Durable long handle

Description:

We manufacture aluminum alloy material milk can and stainless steel material milk can to meet different clients from different countries. Stainless steel milk can uses the durable material (SS201 & SS304) to make, polish inner and outside, with beautiful appearance. This kind of stainless steel milk can has a long handle. It could locked by screw, there is the rubber sealing ring in the milk can cover. The rubber gasket has the function of assuring sealing and avoiding leakage.

Features:

The milk can takes in advanced technology to make, high durable, deep drawing forming, no welded joint, high-sealing. At conveyor, it is easy to run and clean. One piece with hygienic construction, easy draining, built in durable, corrosion proof, sturdy handle, surface anti-oxidation. We also can manufacture aluminum milk can according to customers' request and drawing.

Applications:

The stainless steel milk can is the good milk can for storing and transporting milk, water, beer and other liquid, and brushed copper and other small grains.

Specifications:

Model Number	HL-B06
Brand	HL
Item	Stainless Steel Milk Can
Material	SS201
Capacity	15L
Thickness	0.8mm
Carton	Carton, 2PCS/Carton

Competitive Advantage:

- Good quality with reasonable price;
- With carton packaging;
- Durable, long time use life;
- Food grade material made;
- Enough stockpile;
