- Payment Terms: T/T, Western Union, Paypal
- Supply Ability: 1000pieces/Month

#### Product Specification

- Highlight: milking machine claw, milk cluster

## Product Description

### 450CC Milking Claw with 450ml Milking Capacity / Cow Milking Machine Spare Parts

#### Quick Detail:

- 450ml milking calw
- milking machine spares
- one year warranty with a long time use life
- use for single bucket milking machine, cow milking machine

#### Description:

450ml milking machine milk claw is made of PSU (polysulfone) material, it is one most important part for milking machine. Also we produce the PC material 450ml milking machine claw.

One set mobile milking machine is constituted by milking unit and vacuum pump system. And the milking unit, it contains milk bucket, milk tube, pulse tube, milk claw, milk pulsator, milk liner, milk shell and etc.

Vacuum pump system consists of vacuum pump, oil pot, silencer, vacuum meter, vacuum regulator, safty device and etc.

As one of the most important spare parts for the milking machine & milking system, we supply different kinds of milk claws to meet differnt clients request, like 150CC / 160CC, 240CC, 300CC, 350CC and others. We also produce special milk claws for goats and sheep.

The milking machine claw has one transparent cover, which makes it easy to follow the milk flow and view the milk clearly; it is made of PSU material, or PC material, with a long time use life; without noxious odors and safe to the animals; stainless steel base or plastic base, not easy to be damaged by animals.

#### Applications:

- connecting the milk tube and pulse tube
- collecting the milk
- suitable for cow milking machine
- matching with milking parlor for dairy cows
