- Highlight: goat milking claw, milking machine claw

## Product Description

### 160ml Milking Claw with 160ml Milking Capacity in PSU Cover

#### Quick Detail:

- 160ml capacity milking claw
- type milking claw
- PSU cover material
- with whole life technical supporting

#### Description:

160ml capacity milking claw, is the milking machine spares, copy from type. And the claw cover is made of PC and PSU (polysulfone) material. The claw be used to connect milking tube and pulse tube, and then collecting and delivering the milk. It is used in cow milking machine and milking parlor. As one of the most important spare parts for the milking system, we supply various capacity milk claws to meet differnt clients request, like 240CC, 300CC, 400CC, 350CC and others. We also produce special milk claws for goats and sheep.

160ml milking claw, we supply three models for choosing, HL-M01 model, this model cover is made of PC material, with plastic base, and cheaper than HL-M01A, whose cover is made of PSU material. HL-M01A claw base is also plastic. Only the HL-M01B claw base is made of stainless steel material.

The milking machine is constituted by milking unit and vacuum pump system. Milking unit contains milk bucket, milking tube, pulse tube, milk claw, milk pulsator, milk liner, milk shell and etc. So for the milking machine, the milking claw part is very important. The vacuum pump system consists of vacuum pump, oil pot, silencer, vacuum meter, vacuum regulator, safty device and etc.

#### Features:

- 160ml capacity
- 3 models for choosing
