- Supply Ability: 1000pieces/Month

Product Specification

- Highlight: milking machine claw, milk cluster

Product Description

240CC / 240ml Plastic Milking Claw for Mobile Milking Machine

Quick Detail:

- 240CC / 240ml plastic milking claw
- with 240ml milking capacity
- with transparent cover body and plastic base
- the mobile milking machine spare parts
- with one whole year warranty

Description:

240CC / 240ml plastic milking claw, with 240ml milking capacity is used to connect the rubber milking tube and pulse tube, and then collecting and delivering the milk. The 240CC / 240ml plastic milking claw cover is made of PC material with reasonable price and transparent body cover and plastic claw base. As one of the most important spare parts for the milking system, we supply various capacity milking claws to meet different clients request, like 160ml / 150ml, 300ml, 400ml, 350ml and others. Regarding goats and sheep, we produce small capacity milking claws for them.

Two models of 240CC plastic milking claw for choosing :

- HL-M02 : be made of PC material, with transparent cover and plastic base, and cheaper than HL-M02A.
- HL-M02A : be made of PC material, with transparent body cover and stainless steel base.

One set mobile milking machine is constituted by milking system and vacuum pump system. The milking system consists of milking bucket, milking tube, pulse / air tube, milking claw, milking pulsator, milking liner, milking shell and etc. The vacuum pump system consists of vacuum pump, oil pot, silencer, vacuum meter, vacuum regulator, safety device and etc.
