#### Basic Information

- Place of Origin: China (Mainland)
- Brand Name: HL
- Certification: SGS, FDA Certificate, CE
- Model Number: HL-M02
- Minimum Order Quantity: One piece
- Price: Negotiation
- Packaging Details: Carton
- Delivery Time: 7 - 15 days
- Payment Terms: T/T, Western Union, Paypal
- Supply Ability: 1000pieces/Month

#### Product Specification

- Highlight: milking machine claw, milk cluster

## Product Description

### Milk Claw / Milk Collector / Milk Cluster with 240ml Milking Capacity

#### Quick Detail:

- milk claw / milk collector / milk cluster
- with 240ml milking capacity
- with transparent cover body and plastic base
- with one whole year warranty
- with ISO9001:2008 certificate

#### Description:

Milk claw / milk collector / milk cluster, with 240ml milking capacity, is used to connect the rubber milking tube and pulse tube, and then collecting and delivering the milk. The milk claw / milk collector / milk cluster cover is made of PC material with reasonable price and transparent body cover and plastic claw base. As one of the most important spare parts for the milking system, we supply various capacity milk claws / milk collectors / milk clusters to meet different clients request, like 160ml / 150ml, 300ml, 400ml, 350ml and others. Regarding goats and sheep, we produce small capacity milk claws for them.

Two models of 240CC milk claw / milk collector / milk cluster for choosing :

- HL-M02 model : be made of PC material, with transparent cover and plastic base, and cheaper than HL-M02A.
- HL-M02A model : be made of PC material, with transparent body cover and stainless steel base.

One set mobile milking machine is constituted by milking system and vacuum pump system. The milking system consists of milking bucket, milking tube, pulse / air tube, milking claw, milking pulsator, milking liner, milking shell and etc. The vacuum pump system consists of vacuum pump, oil pot, silencer, vacuum meter, vacuum regulator, safety device and etc.
