- Payment Terms: T/T, Western Union, Paypal
- Supply Ability: 1000pieces/Month

#### Product Specification

- Highlight: milking machine claw, milk cluster

## Product Description

### Model 400CC Milking Claw with Stainless Steel Bottom for Cow Milking Parlor

#### Quick Detail:

- 400CC milking claw
- 400ml milking capacity
- with stainless steel bottom
- for cow milking parlor

#### Description:

400CC milking claw, with 400ml milking capacity, is used to connect PVC transparent / rubber milking tube (food grade material) and air tube, and then collecting and delivering the milk. With reasonable price and good quality, this kind of milking claw base is steel material, and the cover is transparent, could see the milk directly. We supply different model milking liners for the milking claw. As one of the important spare parts for the milking system, our company supply various capacity milking claws, like 160ml, 300ml, 350ml, 450ml and others. Regarding goats and sheep, we produce small capacity milk claws for them, automatic goat milk claw and semi-automatic claw.

For the mobile milking machine, even though it is with one bucket, or two buckets, the components are the same, just the quantity changing, have milking bucket, milking tube, pulse / air tube, vacuum hose, milking claw, milking pulsator, milking liner, milking shell and vacuum pump, oil pot, silencer, vacuum meter, vacuum regulator, safety device and etc.

#### Features:

- This claw has 400ml milking capacity, match with various milking inflations;
- This claw has transparent cover, could observe the milk directly;
- This claw has the automatic shutt-off valve or not;
- This claw has steel bowl, with a long time use life;
