Quick Detail:

- Model: Calf Housing
- Model No.: HL-MP11
- Height: 1400mm
- Width: 1450mm
- Length: 2100mm
- With wide fence and two buckets

Description:

Calf housing, also named calf hutch, combines the natural benefits of outdoor calf-rearing with a shelter which provides optimum living conditions whatever the weather is. The calf housing has a commodious inside space for workers stand-up operation. The optional fence mounted feed saver and 2 buckets protects the feed from weather and the birds. The calf housing is made of glass reinforced plastic, one hygienic material, with a long time use life; food grade bucket material and strong fence.

Features:

1. with three air went, could supply best living environment, could feed outdoor.
2. Glass steel material, good characteristics of anti high temperature, anti corrosion, 30 years of using life.
3. Could evaluate the health of calves rapidly and accurately.
4. Could install fences to save the fodder, 2 plastic buckets prevent the fodder from influences of birds and climate.
5. Easy to install and dismantle, the whole could move, convenient to use.

Applications:

The best shelter(calf housing) for calves, sheep and goats.

Specifications:

Model Number	HL-MP11
Item	Calf Housing
Thickness	4-5mm
Size(L×W×H)mm	2100×1450×1400
Weight	68kg
Optional fence and 2 buckets!	

Competitive Advantage:

- Certificate: ISO9001: 200, ISO9001-2008 certificate;
- Warranty: one year warranty;
- Wide range cows farm equipment: headlock, free stall and hutch;
- Reliable products
- Sample is available
