Product Description

Milking Machine Transparent Milk Buckets / Milking Machine Bucket

Quick Detail:

- milking machine transparent milk buckets
- 25L and 32L capacity for choosing
- with scale on the bucket body
- for mobile milking machine
- with SGS certificate

Description:

Milking machine transparent milk bucket is different from the stainless steel milk bucket and aluminum milk bucket, With scale on the bucket body, it's clear to view how much milk in the bucket so as easy to operate the milking. The milking machine transparent milk buckets have been approved by SGS certificate. We have 25L and 32L clear plastic milking pail bucket for choosing.

For many small farms and farmers, the food grade aluminium milking pail is an ideal milking pail, which could help them to storage and transport the milk quickly. This kind of milking pail is not heavy, easy to move. And the capacity we supply has 5L, 10L, 12L and 15L. This kind of food grade aluminium milking pails different from the aluminum milk bucket for milking machine, it has no cover, with a wider mouth diameter than the milking machine bucket.

For mobile milking machine, the milking machine milk bucket is the necessary component. We offer aluminum milk buckets and stainless steel milk buckets and transparent milk buckets, all of them have been approved by ISO certificate and FDA certificate. Regarding the stainless steel milk bucket, the capacity / volume could be from 10 liter to 50 liter, the 25 liter milking bucket usually has stockpiles.

Features:

- Milking machine transparent milk bucket capacity available in 25L and 32L;
- Milking machine transparent milk bucket has a long handle and plastic cover;
- Milking machine transparent milk bucket is made of plastic material, health and easy to clean;
- Milking machine transparent milk bucket has scale on the body, could observe the milk directly;
- Milking machine transparent milk bucket is suitable for storing and delivering milk and other liquid;

Applications:

1. Milking machine transparent milk bucket is widely used to store water, milk and other liquid.
2. Milking machine transparent milk bucket is mainly used to receive and store milk as receiver and pails.
3. Milking machine transparent milk bucket is an important part for milking machine.

Specifications:

Model Number	HL-B02
Item	Milking machine transparent milk bucket
Capacity	25L, 32L
Material	plastic
Type	With long handle
Cover	Y

Competitive Advantage:

- Milking machine transparent milk bucket has 2 capacities for choosing;
- Milking machine transparent milk bucket has one year warranty;
- Milking machine transparent milk bucket has a good quality and reasonable price;
- Milking machine transparent milk bucket could stick LOGO;
- Milking machine transparent milk bucket has been approved by SGS and ISO certificate;
