Product Description:

The Calf Feeding Nipple is a must-have for farmers and livestock owners who want to ensure that their calves are getting the right nutrition. This Calf nursing bottle nipple is designed to mimic the natural feeding process of young calves, making it easy for them to transition from nursing to bottle feeding. The nipple's size is 107x62mm, which is perfect for calves.

The Calf Feeding Nipple is not just any ordinary nipple. It comes with a feature that sets it apart from other nipples in the market. The nipple comes with a vent hole that helps regulate the flow of milk, making it easier for the calf to swallow and digest the milk. This feature makes the Calf Feeding Nipple ideal for calves that may have difficulty feeding.

The Calf Feeding Nipple is easy to use and can be easily attached to the Calf Feeding Bottle. It is also easy to clean, ensuring that your calves are always getting a clean and hygienic feeding experience. The Calf Feeding Nipple is a reliable and cost-effective solution for feeding your calves, and it is an essential accessory for anyone who owns or cares for young cattle.
