### Product Description:

As a farmer or livestock owner, one of your top priorities is ensuring the health and well-being of your animals. The Chuang Pu Cow Hoof Disinfection Bath is an essential tool for achieving this goal. It is made with high-quality materials that are durable and long-lasting, ensuring that you get the best value for your money.

The Cow Hoof Disinfection Bath is easy to use and requires minimal effort. Simply fill the bath with a disinfectant solution, and have your cows and cattle walk through it. This will help to keep their hooves clean and healthy, preventing the spread of infections and diseases. The Cow Hoof Disinfection Bath is also designed with the comfort of your animals in mind. It has an ergonomic design that allows for easy access and exit, ensuring that your cows and cattle do not experience any discomfort or pain during the disinfection process.

The Chuang Pu Cow Hoof Disinfection Bath is a must-have for any farmer or livestock owner. It is a reliable and effective tool that will help you keep your animals healthy and happy. With a weight of 20KG, this product is also easy to move around your farm or livestock facility. Investing in the Cow Hoof Disinfection Bath is a smart choice that will pay off in the long run. By keeping your cows and cattle's hooves clean and healthy, you can prevent the need for costly veterinary treatments and ensure that your animals can continue to produce high-quality milk and meat.

Don't let hoof infections and diseases affect the health and productivity of your cows and cattle. Invest in the Chuang Pu Cow Hoof Disinfection Bath today and give your animals the care they deserve!

### Features:

Product Name: Cattle Hoof Trimming Tools

Feature: Easy To Clean, Imported PE Material And Durable, More Length And Higher Disinfection

Item: Cow Hoof Disinfection Bath

Material: PE

Weight: 20KG

Brand: Chuang Pu

Includes Rubber Hood Pad and Hoof Pad

### Technical Parameters:

Volume	350L
Weight	20KG
Brand	Chuang Pu
Material	PE
With Drain	Yes
Usage	Make Hoof Disinfection For Cows And Cattle
Item	Cow Hoof Disinfection Bath
Depth	190mm
Width	900mm
Feature	Easy To Clean, Imported PE Material And Durable, More Length And Higher Disinfection

### Applications:

Whether you are a farmer, veterinarian, or animal health professional, this tool is a must-have.

## PRODUCT DISPLAY

## PRODUCT DISPLAY

Hoof bath gets a little deformed after 2 ton SUV crushing ,Worker can still use it after simple adjusting.

## USAGE SCENARIO

## INSTALLATION INSTRUCTIONS

**PS: IN ORDER FOR YOU TO USE IT FOR A LONGER PERIOD OF TIME, WE RECOMMEND THAT YOU USE THE FOLLOWING TWO METHODS TO INSTALL IT.**

### 一、INSTALLATION ON LEVEL GROUND

- 1、Place the hoof bath in its mounting position. As shown in the figure. Fill the perimeter of the hoof bath tightly with concrete
- 2、Remove the hoof bath and wait for the concrete support to dry naturally
- 3、After air drying, use the hoof bath in a prefabricated concrete support.

### 二、TRENCH GROUND INSTALLATION

- 1、Prefabricate a pit on a concrete or dirt floor similar in size to the hoof bath.
- 2、Place the hoof bath in the pit and properly elevate and fill around the hoof bath with concrete.
- 3、Remove the hoof bath and wait for the precast concrete support to dry naturally
- 4、After air drying, use the hoof bath in a prefabricated concrete support.

## Cow Hoof Bath-extended edition

Product Name: Cow Hoof Bath

Product model: HL-Q21-II

Capacity: 350L/pc

Features:

- 1.High impact polyethylene material, long service life, strong wear resistance and corrosion resistance;
- 2.V-shaped non-slip design, which is conducive to the stretching and opening of the hooves;
- 3.Horizontal Y design reduces the risk of slipping;
- 4.Pre-cleaning, pre-sterilization and disinfection, achieving them in one leap;
