Product Description:

The Cow Collar comes with a Chip Placement Hole configuration that allows you to easily insert and remove the collar from your cattle. The collar is also designed to be easy to clean and maintain, as it can be wiped clean with minimal effort, saving you time and energy. The Cow Collar is a must-have for any farmer or rancher who needs a reliable and efficient way to manage their livestock. With its waterproof features, you can be sure that your cattle will be safe and protected from the elements, even in the harshest weather conditions.

Our Cow Collars are particularly useful for keeping track of Cow Collar Numbers, making it easy for you to know the identity of each of your cattle. This is especially helpful for farmers who have many cattle to manage, as it can be difficult to keep track of each animal without a reliable system in place.

Overall, the Cow Collar is a top-quality product that you can trust to keep your cattle safe and secure. Its lightweight design, waterproof features, and easy-to-clean configuration make it an excellent investment for any farmer or rancher. With the Cow Collar, you can rest easy knowing that your livestock is well-managed and cared for.

Features:

Product Name: Cow Collar

Weather Resistance: Waterproof

Cleaning Method: Wipe Clean

Color: Blue

Design: Buckle Closure

Material: Nylon + PE

Technical Parameters:

Cleaning Method	Wipe Clean
Design	Buckle Closure
Compatibility	Fits Most Cow Breeds
Configuration	Chip Placement Hole
Usage	Livestock Management
Durability	High
Size	84.5x5cm
Color	Blue
Weather Resistance	Waterproof
Weight	Lightweight

Applications:

The Cow Collar has a buckle closure design that makes it easy to fit and remove from the cow's neck. The collar measures 84.5x5cm and comes in a bright blue color, making it easy to spot in a herd. Each Cow Collar is also equipped with a unique identification number that can be used to track and manage individual cows.

The HL-MP59B-2 Cow Collar is ideal for various livestock management occasions and scenarios. It can be used in farms, ranches, and other agricultural settings. It is an excellent tool for keeping track of cows during breeding, calving, and milking. It can also be used to separate cows with specific medical needs or those that require special attention.

The Cow Collar is also useful for managing grazing patterns. It can be used to track the movement of cows and ensure that they graze in designated areas. This helps prevent overgrazing and ensures that the cows have access to fresh grass and water.

Overall, the Chuangpu HL-MP59B-2 Cow Collar is a reliable and efficient tool for livestock management. Its high durability ensures that it can withstand harsh outdoor conditions and last for a long time. Its unique identification number and bright blue color make it easy to identify individual cows and track their movements. It is a must-have for any farmer or rancher looking to manage their herd effectively.

PRODUCT INTRODUCTION

STYLE 3: HL-MP59B-2
