Product Description:

Designed for use with ear tagging, our Animal Ear Identification system is customizable to your needs, allowing you to easily mark and identify your livestock. With a size of 50*42mm, these ear marks are large enough to be easily spotted from a distance, yet still compact enough to be comfortable for your animals.

Our Cattle Ear Marking product is built to last, ensuring that you won't have to replace or repair your ear tags any time soon. Plus, our easy-to-use design means that you won't have to struggle with complicated instructions or difficult application methods. Simply apply the ear tags and you're good to go!

Investing in our Livestock Ear Identification System is a smart choice for any cattle farmer or rancher. With customizable options and a long-lasting design, our ear marks will make it easy for you to identify and track your animals, improving your overall herd management and ensuring the health and safety of your livestock.

Features:

Product Name: Cattle Ear Marking

Applications:

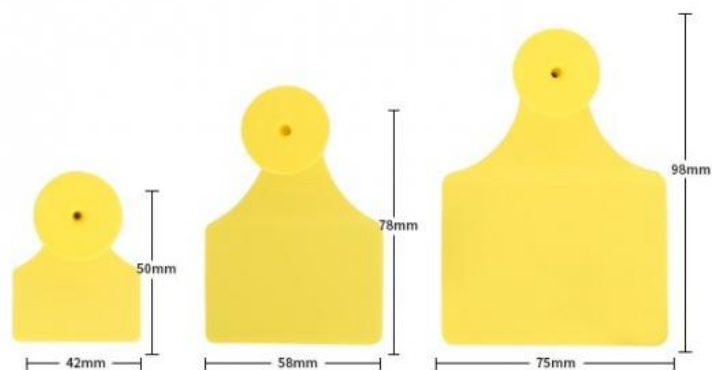

The Chuangpu HL-MP62 Split Type Ear Tag is perfect for cattle identification, and it is an ideal product for occasions and scenarios such as livestock exhibitions, breeding shows, and auctions. The ear marking for cattle identification is crucial, and this product ensures that the cattle are properly identified, and their records are accurately maintained.

The Chuangpu HL-MP62 Split Type Ear Tag is easy to use, and it comes with a split design that makes it convenient for farmers to apply it to the cattle's ears. The ear marking for cattle identification is painless, and the product ensures that the ear tags stay in place, even in harsh weather conditions.

This ear marking solution is suitable for different types of cattle, including cows, bulls, and calves. The ear tags are customizable, which means that farmers can add their unique identification numbers or logos to the tags, making it easier for them to identify their cattle.

Overall, the Chuangpu HL-MP62 Split Type Ear Tag is an essential product for any cattle farmer or rancher. It is a durable and long-lasting product that ensures that the ear marking for cattle identification is accurate and painless. The ear tags come in different colors and are customizable, making it easier for farmers to identify their cattle. So, whether it is for livestock exhibitions, breeding shows, or auctions, the Chuangpu HL-MP62 Split Type Ear Tag is the ideal product for cattle ear marking and identification.
