Product Description:

Made with durable hard steel, this Ear Tag Placer is built to last and withstand the wear and tear of daily use. The plier color is sleek and professional-looking in black, making it easy to find in your toolbox or on the farm.

The Ear Tag Tagger is designed for easy use, making it accessible for everyone, from novice farmers to experienced livestock owners.

The Ear Tag Placer Needle, also known as the Ear Tag Pin, is sharp and precise, allowing for easy and painless ear tagging of your animals.

Whether you have a small farm or a large herd, the Ear Tag Applicator is an essential tool to keep your livestock organized and identified. With its simple and efficient design, you can tag your animals quickly and easily, without causing them any unnecessary discomfort.

The Ear Tag Placer is suitable for a wide range of animals, including cows, pigs, sheep, and goats. It is an essential tool for keeping track of breeding, vaccinations, and other important information about your animals. With the Ear Tag Applicator, you can easily tag your animals and keep them organized, ensuring that they receive the proper care and attention they need.

In summary, the Ear Tag Applicator is a highly functional and easy-to-use tool that every farmer or livestock owner should have. With its durable hard steel construction, sleek black color, and precise Ear Tag Placer Needle, it's the perfect item for tagging your livestock in a quick and painless manner. So whether you're a seasoned farmer or a first-time livestock owner, be sure to add the Ear Tag Applicator to your toolbox today!

Features:

Product Name: Sheep Ear Tag Applicator

Function: Easy To Use

Pin Material: Hard Steel

Model: HL-MP74A-1

Accuracy: Precise

Apply Field: Pig, Sheep, Cattle Farms

Also known as Ear Tagging Plier and Ear Tag Tagger

Technical Parameters:

Item	Ear Tag Applicator
Needle Name	Ear Tag Plier Needle, Ear Tag Pin
Model	HL-MP74A-1
Accuracy	Precise
Product Application	Install Animal Ear Tags
Plier Color	Black
Product Use	Fix Sheep Cow Bovine Pig Ear Tags
Weight	0.25KG
Function	Easy To Use
Pin Material	Hard Steel

Applications:

The HL-MP74A-1 Ear Tag Applicator can be used in a variety of scenarios and occasions. For example, it is useful for farmers who need to keep track of the health and breeding history of their animals. By using ear tags, farmers can easily identify individual animals and ensure that they receive the appropriate care and treatment. The HL-MP74A-1 can be used on pig, sheep, and cattle farms, making it a versatile tool for any livestock breeder.

The HL-MP74A-1 Ear Tag Applicator is particularly useful during the ear tagging process. Ear tagging is a common method of animal identification in which a small tag is attached to the ear of the animal. This tag contains information such as the animal's identification number, breed, and date of birth. The HL-MP74A-1 makes this process quick and easy, allowing farmers to tag their animals with minimal

stress and discomfort.

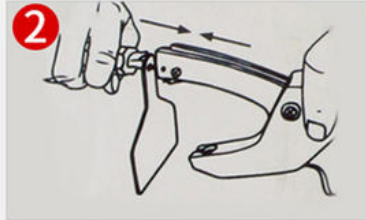

The HL-MP74A-1 Ear Tag Applicator is also useful for farmers who need to comply with local regulations regarding animal identification. In many areas, ear tagging is a legal requirement for certain types of livestock. The HL-MP74A-1 makes it easy for farmers to comply with these regulations and avoid any potential legal issues.

In conclusion, the HL-MP74A-1 Ear Tag Applicator is an essential tool for any livestock breeder or farmer who needs to identify their animals. Whether you are working on a pig, sheep, or cattle farm, this ear tagging gun will make the ear tagging process quick and easy. So if you are looking for a reliable and efficient ear tagging forceps or ear tagging plier, the HL-MP74A-1 Ear Tag Applicator is the perfect choice for you.

PRODUCT DISPLAY

1 Fix the ear tag head to the ear tag wrench as shown in the figure.

2 After making sure that the ear tag and thimble are tightly fixed, remove the ear tag wrench

3 Turn the thimble with the ear tag down vertically and rotate to the installation position, ready to install.

4 Select the installation area (the middle part of the ear and the middle part between the two soft ribs). The ear tag pliers are pressed against the back of the ear and smoothly pushed into the installation area, and quickly hold the ear tag pliers.

Note: For animals with soft ears, such as calves, goats and sheep, hold the tip of the ear with your hand when installing, so that the ear tag head can pass through the ear safely.

5 After the ear tag head passes the ear completely, loosen the force and pull the ear tag pliers vertically to complete the installation.
