Product Description:

Our Disposable Long Arm Gloves are made of high-quality, tear-resistant material that ensures your safety during use. The high tear resistance of these gloves ensures that they won't easily rip or tear, providing you with long-lasting protection. Additionally, these gloves are designed to be lightweight, coming in at just 7G each piece. This makes them comfortable to wear for extended periods, without causing any fatigue or discomfort.

One of the standout features of our Disposable Long Arm Gloves is their excellent chemical resistance. These gloves are perfect for use in industries that require workers to handle hazardous or toxic substances. Whether you're working in a laboratory, cleaning up a spill, or handling chemicals in any other industry, these gloves will provide you with the protection you need.

Our Disposable Long Arm Gloves are also designed to be disposable, making them a convenient and hygienic option for many industries. Whether you're working in the food industry, healthcare, or any other industry where cleanliness is paramount, these gloves are the perfect solution. Simply use them once and dispose of them when you're done.

These gloves are also commonly referred to as Disposable Safety Gloves, Disposable PE Gloves, and Disposable Protective Gloves. They are perfect for use in a variety of industries, including healthcare, food service, janitorial, and many more. With their high tear resistance, excellent chemical resistance, and lightweight design, our Disposable Long Arm Gloves are the perfect solution for all your safety needs.

Features:

Product Name: Disposable Long Arm Gloves

Color: Red, White

Chemical Resistance: Excellent

FDA Approved: Yes

Quantity: 50 Gloves Per Bag

Long Arm Length: 35.4 Inches

Usage: Disposable Medical Glove, Disposable Examination Gloves, Disposable CPE Gloves

Technical Parameters:

Product Name	Disposable Long Arm Gloves
Tear Resistance	High
Fda Approved	Yes
Weight	7G Each Piece
Material	PE
Chemical Resistance	Excellent
Ambidextrous	Yes
Size	90cm
Quantity	50 Gloves Per Bag
Long Arm Length	35.4 Inches
Disposable	Yes

Applications:

One of the primary applications of these gloves is in the healthcare industry. They can be used as disposable medical gloves, protecting the hands of healthcare workers as they examine and treat patients. The gloves are made from polyethylene, which provides a barrier against bacteria and viruses. They are also long enough to cover the arms, providing additional protection.

Another common use for these gloves is in food handling. When preparing food, it is important to maintain proper hygiene to prevent contamination. Disposable PE gloves are a great way to ensure that food is handled safely and with minimal risk of contamination. The long arm length of these gloves also makes them ideal for use in settings where food is being prepared or served.

These gloves can also be used in a variety of other settings, such as in laboratories or when handling chemicals. The disposable nature of the gloves means that they can be used once and then discarded, reducing the risk of cross-contamination.

Overall, the Chuangpu Disposable Long Arm Gloves are a versatile and practical option for anyone who needs disposable hand gloves. With their high tear resistance and long arm length of 35.4 inches, they are a reliable choice for a variety of applications.
