Product Description:

These disposable gloves are made with high-quality polyethylene (PE) material, making them lightweight yet strong enough to withstand tough jobs. The gloves are 90cm X 120cm in size, providing ample coverage for your arms and hands, and are ambidextrous, so you can use them on either hand.

With excellent chemical resistance, these disposable gloves are suitable for use in a variety of industrial settings. They are perfect for use in laboratories, factories, and other workplaces where employees need to handle hazardous materials or chemicals.

Aside from industrial use, these disposable gloves are also an excellent choice for medical applications. They are FDA approved, making them safe for use in hospitals, clinics, and other medical facilities. These gloves are perfect for doctors, nurses, and other healthcare professionals who need to protect themselves from infectious diseases and pathogens.

Overall, our Disposable Long Arm Gloves are an excellent choice for anyone who needs reliable and durable disposable PE gloves. Whether you need them for industrial or medical use, these gloves are sure to provide the protection you need.

These Disposable Safety Gloves are FDA approved and made of PE material. They come in a quantity of 50 gloves per box, with each piece weighing 12G. They are tear resistant and can be used for medical examination purposes. These Disposable Medical Gloves are ambidextrous and have a long arm length of 35.4 inches. They come in red and green colors and have a size of 90cm X 120cm.

Applications:

One of the key features of these gloves is their size, measuring 90cm X 120cm, which provides ample coverage to protect the user from exposure to hazardous materials. The red and green color adds a touch of style, making these gloves suitable for a range of occasions and scenarios.

The design of these gloves is also noteworthy. They are designed to support wearing around the neck, which makes them easy to access

and put on when required. This feature is particularly useful in medical settings where time is of the essence, and gloves need to be changed frequently.

These Disposable Long Arm Gloves can be used in a range of settings. For example, they are ideal for use in medical offices, hospitals, and clinics. They are also suitable for use in food preparation areas, where hygiene is of utmost importance. These gloves are also useful for janitorial staff and other cleaning personnel who need to handle hazardous materials.

Whether you are looking for Disposable PE Gloves, Disposable Poly Gloves, or Disposable Medical Examination Gloves, Chuangpu Disposable Long Arm Gloves are an excellent choice. They are designed to offer superior protection, durability, and comfort, making them a reliable choice for a range of applications. So, choose Chuangpu Disposable Long Arm Gloves to protect yourself from harmful chemicals and infections.
