Product Description:

These Disposable Long Arm Gloves measure 35.4 inches in length, providing ample coverage for your arms and hands. With a size of 90cm X 120cm, these gloves are designed to fit most hand sizes comfortably. The ambidextrous design makes it easy to wear them on either hand, enabling you to work seamlessly.

Our Disposable Long Arm Gloves are perfect for a wide variety of applications, including food processing, medical examinations, cleaning, and laboratory work. They are perfect for protecting your hands and arms from harmful chemicals, biological agents, and other hazardous materials.

These Disposable PE Gloves are designed for single-use, making them hygienic and convenient. You can easily dispose of them after use, without worrying about contamination. They are also highly affordable, making them a cost-effective solution for your hand protection needs.

Our Disposable Gloves are also available in CPE (Chlorinated Polyethylene) material, which provides excellent strength and flexibility.

These gloves are perfect for heavy-duty applications, where you need maximum protection and durability.

In conclusion, if you are looking for high-quality Disposable Long Arm Gloves that provide excellent chemical resistance, ample coverage, and superior protection, look no further than our Disposable PE Gloves and CPE Gloves. These gloves are affordable, convenient, and perfect for a wide range of applications. Get yours today and experience the ultimate hand protection solution!

Applications:

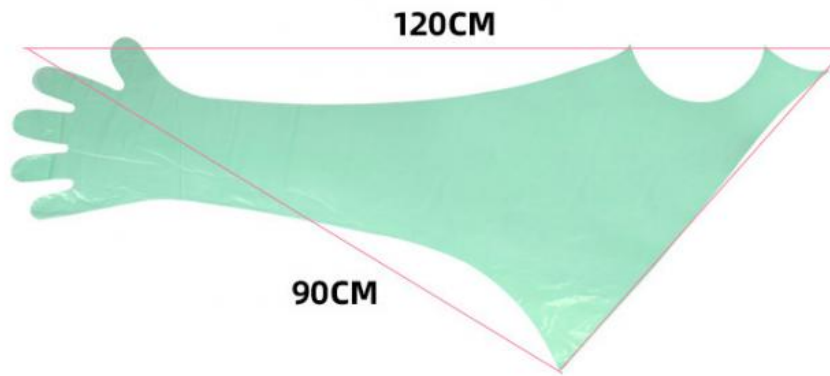

One of the key advantages of the Chuangpu HL-FF02 Disposable Long Arm Gloves is their excellent chemical resistance. This makes them suitable for use in a range of industries where contact with chemicals is common, such as pharmaceuticals, laboratories, and chemical processing plants. These gloves are also ideal for use in the food industry, where they can be used for food preparation and handling.

The Chuangpu HL-FF02 Disposable Long Arm Gloves are suitable for a range of applications, including medical procedures. They can be used as disposable exam gloves or disposable surgical gloves, providing a high level of protection for both patients and medical professionals. These gloves are also suitable for use in other healthcare settings, such as dental practices or veterinary clinics, where they can be used as disposable protective gloves.

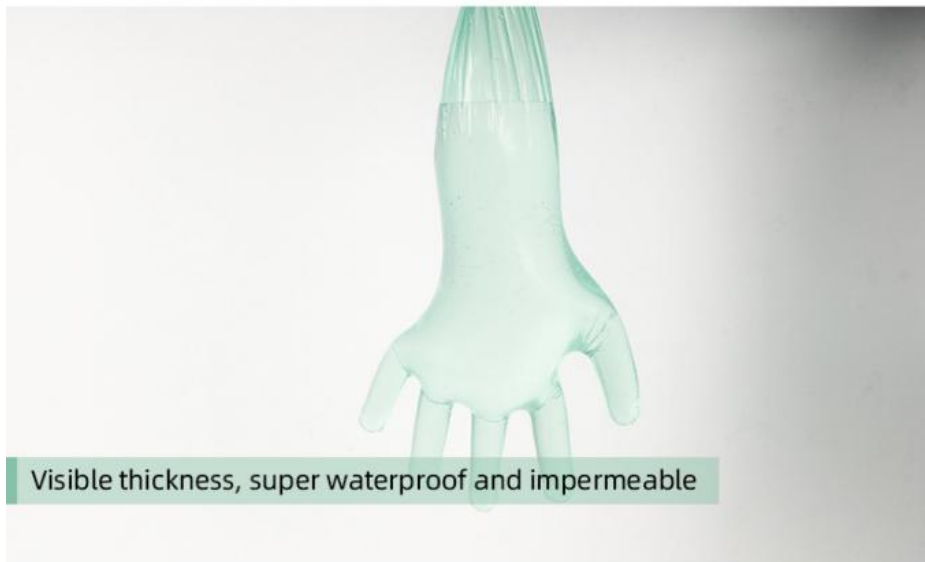

Other industries that can benefit from using Chuangpu HL-FF02 Disposable Long Arm Gloves include cleaning and janitorial services, where they can be used for cleaning tasks that require protection from chemicals or other hazardous materials. They are also ideal for use

in industries such as agriculture and horticulture, where they can be used for handling chemicals and pesticides.

Each box of Chuangpu HL-FF02 Disposable Long Arm Gloves contains 50 gloves, providing a convenient and cost-effective solution for a range of industries. The gloves are available in a size of 90cm x 120cm, making them suitable for a wide range of users. Whether you are a medical professional, a janitorial worker, or a farmer, the Chuangpu HL-FF02 Disposable Long Arm Gloves are an essential product to keep on hand.
