### Product Description:

The Calf Feeding Bottle Holder is typically installed on the calf fence, making it easy to access for both the calves and the caretakers. It is a highly functional product that can hold the baby cow feeding bottle with ease, enabling the calves to have their nourishment without any inconvenience. The square body bottle shape makes it easy for the calves to latch onto the bottle, mimicking the natural feeding process. Feeding your calves is a crucial aspect of their growth and development. It is essential to have the right tools and products to ensure that they receive the nutrition they need. The Calf Feeding Bottle Holder is a reliable and efficient tool that makes the feeding process more comfortable and effective. It is a must-have product for anyone who cares for baby cows and wants to ensure that they receive the best care possible.

Keywords: Calves Nourishing Container, Bovine Feeder, Young Bovine Bottle

### Technical Parameters:

Product Name:	Calf Feeding Bottle Holder
Material:	Stainless Steel
Location:	Usually Be Installed On Calf Fence
Function:	Hold Feeding Bottle And Feeding Calves
Length:	300mm
Width:	132.5mm
Bottle Shape:	Square Body Bottle
Keywords:	Baby Cow Feeding Bottle, Bovine Feeder, Juvenile Bovine Bottle

### Applications:

This bovine feeder is made from high-quality stainless steel material, which makes it durable and long-lasting. The Chuangpu HL-MP53B is perfect for use in dairy farms and other facilities that require regular calf nourishment. The feeding bottle is designed to hold enough milk or other nourishment to feed a single calf, ensuring that each calf receives the nutrition it needs to grow healthy and strong.

The Chuangpu HL-MP53B calf nursing bottle can be used in a variety of application occasions and scenarios. It is ideal for use in dairy farms, ranches, and other livestock facilities. The feeding bottle is perfect for use during the early stages of calf development, providing the necessary nourishment for healthy growth and development.

The bottle for calf nourishment is easy to install and use, making it the perfect choice for busy farmers and ranchers. The feeding bottle can be easily attached to the calf fence, ensuring that it stays in place during feeding. The Chuangpu HL-MP53B is also easy to clean, ensuring that it stays hygienic and free from bacteria and other contaminants.

In summary, the Chuangpu HL-MP53B is a high-quality, durable, and convenient calf feeding bottle that is perfect for use in dairy farms, ranches, and other livestock facilities. Its stainless steel material, square body bottle shape, and easy-to-install design make it the ideal choice for busy farmers and ranchers. The bottle for calf nourishment can be used in a variety of application occasions and scenarios, ensuring that each calf receives the nutrition it needs to grow healthy and strong.
