Product Description:

This drencher is made with high-quality materials to ensure durability and longevity. The bottle is made of PE, a strong and tough plastic material that can withstand the rigors of daily use. It has a capacity of 3 liters or 4 liters, depending on your needs.

The Chuangpu Calf Drencher is designed to be user-friendly and efficient. The stainless steel tube is easy to clean and ensures accurate dosing. The tube is also flexible, allowing you to easily maneuver it to reach the animal's mouth.

This drencher is a must-have for any farmer or rancher who needs to administer liquids to their livestock. It's perfect for giving medicine, electrolytes, or other supplements to newborn cattle, junior heifers, and baby cows.

With the Chuangpu Calf Drencher, you can be confident that your animals are getting the proper amount of liquid they need. It's a reliable and effective tool that will help you keep your livestock healthy and thriving.

Features:

Product Name: Calf Drencher

Usage: Oral Administration Of Fluids To Calves, Like Milk

Country Of Origin: China

Valve Type: Valve For Adjusting Rotation Speed

Bottle Material: PE

Capacity: 3 Liters / 4 Liters

Introducing the Calf Drencher, the perfect tool for administering fluids to calves such as milk. This Infant Bull Supplement Dispenser is made with high-quality PE bottle material from China. The valve type mechanism allows for easy adjustment of the rotation speed.

Choose from a 3 liters or 4 liters capacity for your convenience. Ideal for use as a Toddler Cattle Oral Injector.

Technical Parameters:

Usage	Oral Administration Of Fluids To Calves, Like Milk
Application	Suitable For Calves Of All Sizes
Compatibility	Can Be Used With Most Standard Drenching Bottles
