Product Description

Product Description:

The Colstrum Bag for Calf is 32.8cm wide and 39.5cm long, making it the perfect size for administering fluids to small calves. The mouth diameter is 25mm, ensuring that the product can be used with a small calf intake tube. With a capacity of 4 liters, the Calf Drencher is perfect for administering a variety of fluids to young calves.

The Calf Drencher is a handy tool for farmers, veterinarians, and animal health professionals who require a quick and easy way to administer medications, supplements, or colostrum to young calves. This product is designed with the needs of small calves in mind, ensuring that they receive the appropriate dose of fluids without any discomfort or pain.

The Calf Drencher is a durable product that is made from high-quality materials, ensuring that it will last for years to come. It is easy to clean and maintain, making it a great investment for anyone who requires a reliable and efficient juvenile calf dosing apparatus.

In conclusion, the Calf Drencher is an essential tool for anyone who works with small calves. It is a versatile and efficient product that is easy to use and maintain, making it an excellent investment for farmers, veterinarians, and animal health professionals. With its 4-liter capacity and small calf intake tube, this product is perfect for administering medications, supplements, or colostrum to young calves.

Features:

Product Name: Calf Drencher

Usage: For Filling Of Bovine Colostrum For Easy Storage

Bag Length: 39.5cm

Bag Width: 32.8cm

Material: PE

Name: Colstrum Bag For Calf

Other names: Junior Heifer Liquid Doser, Infant Bull Supplement Dispenser, Livestock Calf Pour-On Feeder

Technical Parameters:

Material	PE
Mouth Dia.	25mm
Usage	For Filling Of Bovine Colostrum For Easy Storage
Bag Width	32.8cm
Capacity	4 Liters
Name	Colstrum Bag For Calf
Bag Length	39.5cm

Applications:

The Colstrum Bag for Calf has a capacity of 4 liters and is made with a width of 32.8cm and a length of 39.5cm. This makes it easy to handle and store, even in tight spaces. The bag is made from durable materials that can withstand the rigors of farm life.

The Chuangpu HL-MP55F Calf Drencher is perfect for a variety of occasions and scenarios. Here are some examples:

Livestock Calf Pour-On Feeder: The Calf Drencher can be used to feed colostrum to newborn calves. The bag has a convenient pour spout that allows farmers to fill bottles or other feeding containers with ease.

Infant Bull Supplement Dispenser: The Calf Drencher can also be used to dispense supplements to infant bulls. This is especially important during the early stages of growth when nutrients are critical.

Newborn Cattle Drenching Kit: The Calf Drencher is an essential tool for cattle farmers who want to ensure their newborns are getting the necessary nutrients to thrive. The bag is easy to clean and can be reused multiple times.

The Chuangpu HL-MP55F Calf Drencher is proudly made in China with high-quality materials. It is a reliable, durable, and affordable solution for farmers looking to improve their livestock management practices. This product is a must-have for any serious livestock farmer.
