Product Description:

The opening on both sides of the top of the nipple ensures that your Cow Calf Nursing Teat provides a consistent and uninterrupted flow of milk, making feeding time easier for both you and your calf. The backflow-proof design of our nipple prevents any milk from flowing back into the bottle, ensuring a hygienic feeding experience.

Our Calves Feeding Nipple comes in two packaging types - individual and 50pcs, making it convenient for you to choose the option that best suits your needs. Whether you are a farmer or a pet owner, our nipple is suitable for all types of calves.

Invest in our Calves Feeding Nipple today and experience a hassle-free and comfortable feeding experience for your calf. Your calf deserves the best, and our nipple ensures just that!

Applications:

The Calf Feeding Nipple is an essential tool to equip with calf feeding bottle. The nipple is made of high-quality rubber material, which is safe and non-toxic for young cattle feeding. It is designed to mimic the natural feel of a mother cow's teat, ensuring optimal feeding and growth for your livestock.

This product is perfect for farmers and livestock owners who want to ensure the health and well-being of their young cattle. The Calf Feeding Nipple can be used in various scenarios such as barns, pastures, and other outdoor environments. It is also ideal for use in veterinary clinics and animal hospitals.

The Calf Feeding Nipple comes in two packaging types: individual and a pack of 50 pieces. This makes it easy to purchase the product in bulk and keep on hand for when you need it.

Overall, Chuangpu's Calf Feeding Nipple is a reliable and efficient product for feeding your young cattle. It is a must-have for any farmer or livestock owner who wants to ensure the health and well-being of their livestock.
