### Applications:

This Calf Feeding Nipple is made in China and measures 81x48mm. It comes in a quantity of 1, making it perfect for individual use. The nipple is suitable for calves in their early stages of life, typically up to six months old.

The Calf Feeding Nipple is an essential tool for farmers and ranchers who are raising young calves. It is important that newborn calves receive the proper nutrition in order to grow and thrive. The nipple is easy to use and can be attached to a variety of calf nursing bottles. Whether you are a professional farmer or simply raising a calf as a hobby, the Chuangpu HL-MP77C Calf Feeding Nipple is a must-have item. It is durable, easy to clean, and provides the perfect feeding solution for your newborn calf.

Use the Calf Feeding Nipple in a variety of occasions and scenarios, including:

Feeding newborn calves in a farm or ranch setting

Providing proper nutrition to a calf that has been separated from its mother

Assisting with the feeding of sick or weak calves

Feeding a calf that is being raised as a pet or for show

Overall, the Chuangpu HL-MP77C Calf Feeding Nipple is an essential tool for anyone raising a newborn calf. Its durable construction, easy-to-use design, and bright orange color make it a must-have item for farmers and ranchers around the world.

The Nipple needs to be better for the baby cow

# Style 8: HL-MP77C
