Product Description:

The Calf Feeding Bucket is made from high-quality PE material which is durable and easy to clean. It is also suitable for milk and can withstand the rigors of daily use. The bucket is designed to hold the right amount of milk for each feeding, and its design ensures that the milk is easily accessible for the calf.

The Nipple of the Junior Bovine Nourishment Pail is made from high-quality rubber, which is safe and comfortable for the calf to suck on. The Anti-backflow Check Valve Fixed Nipple ensures that the milk flows smoothly without any choking. This feature is essential for the calf's health and comfort during feeding.

The Junior Bovine Nourishment Pail is perfect for feeding calves as it is designed to be suitable for their needs. The bucket is the right size and shape for the calf to access the milk easily, and the nipple is designed to ensure that the calf can feed without any issues. This Milk Distribution Pail is also easy to use, and it is perfect for farmers who want to provide their calves with an easy and comfortable feeding experience.

In conclusion, if you are looking for a high-quality Calf Feeding Bucket that is suitable for milk, made from durable PE material, and has a comfortable rubber nipple with an Anti-backflow Check Valve Fixed Nipple feature that ensures no choking, then the Junior Bovine Nourishment Pail is the perfect solution. It is designed to provide your calves with the proper nutrition they need and ensure that they are comfortable during feeding. Get your Junior Bovine Nourishment Pail today and provide your calves with the best feeding experience possible.

Features:

Product Name: Calf Feeding Bucket

Name: Calf Feeding Bucket

Nipple Material: Rubber

Bucket Advantage: 6-8 Calves Can Suck Milk At One Time

Installation Clamp: Metal Material

Suitable For Calves: Yes

This Calf Feeding Bucket is a great option for a Calf Milk Dispensing Container. With the ability to feed 6-8 calves at once, it is a practical and efficient choice for any farm. The rubber nipple material is gentle on the calves, and the metal installation clamp ensures stability during feeding. This Adolescent Cattle Meal Bucket is suitable for calves of all sizes.
