

FDA Approved Cattle Stomach Iron Absorber Magnetic Head Set Strong Adsorption 8KG

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-Q12-II
- Minimum Order Quantity: One Set
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T
- Supply Ability: 500SETS/Month

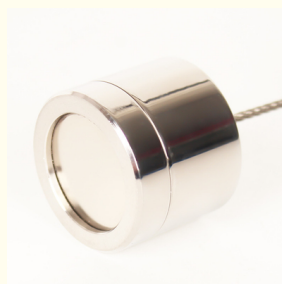

Product Specification

- Certifications: FDA Approved
- Components: Mouth Opener, Magnetic Head Set, SS Push Rod
- Adsorption Force: 8KG
- Usage: Remove The Iron Nails From The Cow's Stomach.
- Target Animal: Cattle
- Why Take Iron?: More Iron In Cow Stomach Will Affect Appetite, Weight Loss, Lower Milk Production, Also Punctured Internal Organs, Life-threatening.
- Manufacturing Country: China
- Warranty: 1 Year
- Highlight: **Magnetic Head Cattle Stomach Iron Absorber,**

Product Description:

With the Rumen Iron Taker, you can rest assured that your cattle are receiving the highest quality iron supplement available. Our product is FDA approved and made with only the finest components, including a mouth opener, magnetic head set, and SS push rod. Why is iron so important for cattle? Without enough iron in their diet, cattle can experience a range of negative health effects, including weight loss, decreased appetite, lower milk production, and even punctured internal organs - a potentially life-threatening condition. That's why it's so important to invest in a high-quality iron supplement like the Rumen Iron Taker. Our product has an impressive adsorption force of 8KG, meaning that it can effectively absorb iron from your cattle's diet and deliver it directly to their stomachs. Don't take any chances with your cattle's health - invest in the Rumen Iron Taker today and give your animals the iron they need to thrive.

Features:

Product Name: Rumen Iron Taker

Why take iron?: More Iron In Cow Stomach Will Affect Appetite, Weight Loss, Lower Milk Production, Also Punctured Internal Organs, Life-threatening.

Manufacturing Country: China

Usage: Remove The Iron Nails From The Cow's Stomach.

Components:

Mouth Opener

Magnetic Head Set

SS Push Rod

Parts Contain: 3M

Organ Iron Assimilator, Food Iron Receiver, Intestinal Iron Collector

Technical Parameters:

Usage	Remove The Iron Nails From The Cow's Stomach
Manufacturing Country	China
Warranty	1 Year
Adsorption Force	8KG
Parts Contain	3M
Certifications	FDA Approved
Target Animal	Cattle
Components	Mouth Opener, Magnetic Head Set, SS Push Rod

The Rumen Iron Taker is an Organ Iron Assimilator, Nutritional Iron Acceptor, and Rumen Iron Carrier. Taking iron out of the cow's stomach is important as more iron in the stomach can affect appetite, weight loss, lower milk production, and even puncture internal organs which can be life-threatening.

Applications:

The Nutritional Iron Acceptor is an excellent product that can help improve appetite, prevent weight loss, and boost milk production. It is crucial for farmers to ensure that their cattle receive adequate amounts of iron to prevent punctured internal organs, which can be life-threatening. The Rumen Iron Taker is an effective tool that can help farmers achieve this goal.

The Rumen Iron Taker comes with several components, including a mouth opener, magnetic head set, and SS push rod. These components are designed to make the process of administering iron to cattle as easy and stress-free as possible.

The Rumen Iron Taker is ideal for use in various scenarios, including dairy farms, ranches, and agricultural shows. It is a perfect tool for farmers who want to ensure that their cattle receive adequate amounts of iron in their diet. The product is also suitable for veterinarians who work with cattle, as it can help improve the overall health of the animals.

In conclusion, the Rumen Iron Taker by Chuangpu is an excellent product that is perfect for farmers who want to ensure that their cattle receive adequate amounts of iron in their diet. The product is easy to use, effective, and comes with a 1-year warranty. It is a must-have

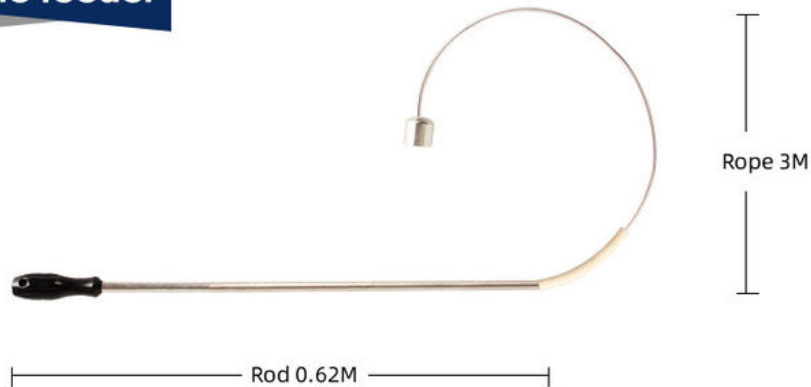

tool for every farmer who cares about the health and well-being of their cattle.

PRODUCT DISPLAY

PRODUCT PARAMETERS

The feeder

It consists of three tubular rods (stainless steel) connected with threads, and there is a flexible tube sleeve at the end of the ejector rod for easy holding.

It can pick up objects up to 8kg.

PRODUCT INTRODUCTION

STYLE 1: HL-Q12II

WE ALWAYS ADHERE TO RIGOROUS MANAGEMENT, THE FOUNDATION OF METICULOUS MANUFACTURING,
PRODUCE PRODUCTS THAT MEET THEMARKET'S RULES AND CUSTOMER NEEDS

Product name: Rumen Magnet

Product Model: HL-Q12 II

Product Features: 1. The magnet protective sleeve is arc-shaped to prevent damage to the esophagus

2. Super magnetic force, can absorb 8KG

3. 304 stainless steel, no rust, safe and corrosion-resistant

4. The propulsion rod is divided into three-stage structure, which is convenient for assembly and storage

5. Nylon opener, strong and bite-resistant

6. Original packing weight 1.1KG (with green magnetic cage)
