Product Description:

The Rumen Iron Taker is an Intestinal Iron Collector, providing a unique and effective way to collect and receive food iron. The product's components work together to ensure that your cattle receive the necessary nutrients to maintain their overall health and well-being. The Mouth Opener allows for easy access to the animal's rumen, while the Magnetic Head Set and SS Push Rod ensure that the collected iron is safely and effectively received.

At Rumen Iron Taker, we understand the importance of quality and reliability. That is why we offer a 1-year warranty on all of our products, ensuring that you receive the best possible care for your cattle. Additionally, our products are made with 3M parts, ensuring that they are built to last and can withstand even the toughest conditions.

Investing in the Rumen Iron Taker is a smart choice for any cattle owner. Not only does it provide a unique and effective solution for collecting and receiving food iron, but it is also FDA approved and comes with a 1-year warranty. Give your cattle the care they deserve with the Rumen Iron Taker.

Features:

Product Name: Rumen Iron Taker

Warranty: 1 Year

Components:

Mouth Opener

Magnetic Head Set

SS Push Rod

Certifications: FDA Approved

Why take iron?: More Iron In Cow Stomach Will Affect Appetite, Weight Loss, Lower Milk Production, Also Punctured Internal Organs, Life-threatening.

Adsorption Force: 20KG

Features:

Nutritional Iron Acceptor

Metabolic Iron Processer

Nutritional Iron Acceptor

Technical Parameters:

Product Name	Rumen Iron Taker
Usage	Remove The Iron Nails From The Cow's Stomach
Parts Contain	3M
Adsorption Force	20KG
Components	Mouth Opener, Magnetic Head Set, SS Push Rod
Certifications	FDA Approved
Why take iron?	More Iron In Cow Stomach Will Affect Appetite, Weight Loss, Lower Milk Production, Also Punctured Internal Organs, Life-threatening
Warranty	1 Year
Manufacturing Country	China
Target Animal	Cattle
Product Type	Metabolic Iron Processer, Intestinal Iron Collector, Rumen Iron Acceptor

Applications:

The Rumen Iron Taker is a highly effective product that can be used in a variety of different scenarios. It is perfect for use in situations where cows have ingested iron nails or other similar objects, as it has an impressive adsorption force of 20kg. The magnetic head set is designed to attract and gather iron particles that have been ingested by cows, making it easy to remove them from the stomach.

The Rumen Iron Taker is an incredibly versatile product that can be used in a range of different situations. It is ideal for use in farms, ranches, and other agricultural settings, where it can be used to remove iron nails and other harmful objects from the stomachs of cattle. The product is also perfect for use by veterinarians, who can use it to quickly and easily remove ingested iron from the stomachs of cows. The Rumen Iron Taker is an essential product for anyone who works with cattle. It is a reliable and effective tool that can help to keep cows healthy and free from harm. Whether you are a farmer, rancher, or veterinarian, the Rumen Iron Taker is an indispensable tool that you simply cannot afford to be without. So why not invest in this powerful and effective organ iron assimilator today and ensure the health and wellbeing of your cattle for years to come?

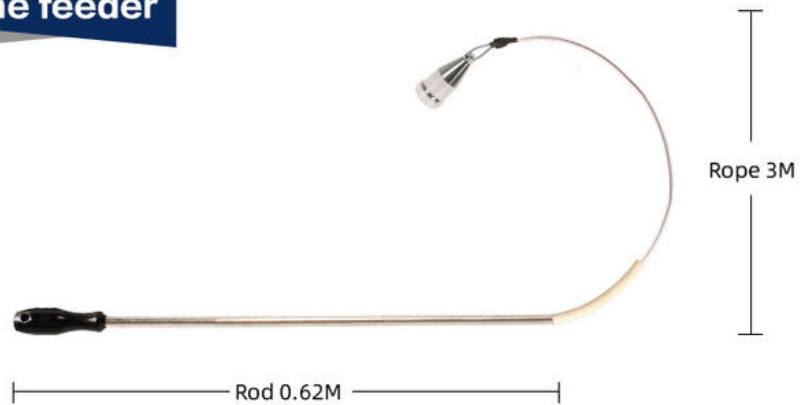

Components of the Rumen Iron Taker include a mouth opener, magnetic head set, and SS push rod. These components work together to create a powerful and efficient Rumen Iron Carrier. The product is specifically designed for use with cattle, making it the perfect product for anyone who works with these animals on a regular basis.

PRODUCT DISPLAY

PRODUCT PARAMETERS

The feeder

It is composed of three sections of tubular rods (stainless steel) connected with threads, plus a rubber-coated steel wire rope, which is safe and secure to use.

Retainer

A foldable retaining ring is hung at each end of a main frame. The retaining ring is connected with a belt for tethering.

Iron suction

Can pick up objects up to 20kg

PRODUCT INTRODUCTION

STYLE 2: HL-Q12III

WE ALWAYS ADHERE TO RIGOROUS MANAGEMENT, THE FOUNDATION OF METICULOUS MANUFACTURING,
PRODUCE PRODUCTS THAT MEET THE MARKET'S RULES AND CUSTOMER NEEDS

Product name: Cow Stomach Iron Taker

Product Model: HL-Q12 III

Product Features:

1. Upgraded magnetic head, super magnetic force, can absorb up to 20KG in all directions
2. Arc design to prevent damage to the esophagus
3. 304 stainless steel, no rust, safe and corrosion-resistant
4. The push rod is divided into three-section structure, which is convenient for assembly and storage
5. Nylon opener, strong and bite-resistant
6. Original packing weight 1.34KG (with green magnetic cage)
