Product Description:

The Rumen Magnet is a magnetic rod for Cow Rumen that helps to capture any stray metal objects that cows may ingest while grazing or eating. These metal objects, such as nails or wire, can cause serious damage to a cow's digestive system and can even be fatal. The Rumen Magnet prevents this from happening by attracting and holding onto these objects, allowing them to safely pass through the cow's digestive system without causing any harm.

Manufactured by Chuangpu, a leading producer of veterinary equipment, this Rumen Magnet is a high-quality product that is designed to last. Made from rare earth magnets, it is strong and durable, ensuring that it can effectively attract and hold onto any metal objects that cows may ingest.

Imported from China, this Rumen Magnet is a reliable and effective solution for preventing Hardware Disease in cows. By using this magnetic rod for Cow Rumen, farmers and veterinarians can ensure the health and well-being of their herds, reducing the risk of illness and injury caused by ingested metal objects.
