Product Description:

The Plastic Feed Shovel is a versatile tool designed for easy and convenient feed handling. This durable plastic feed scoop shovel is perfect for various feeding tasks, making it an essential tool for any farm or ranch.

One of the key features of the Plastic Feed Shovel is its ease of cleaning. With a smooth plastic surface, this feed scoop shovel can be easily cleaned after each use, ensuring hygiene and efficiency in feeding operations.

Designed specifically for feeding purposes, the Plastic Feed Shovel is ideal for handling feed for animals such as livestock, horses, and pets. Its shovel shape allows for easy scooping and transferring of feed, making feeding tasks quick and hassle-free.

Rest assured that the Plastic Feed Shovel is non-toxic, making it safe to use for handling feed. This feature ensures the well-being of animals and provides peace of mind to users, knowing that the feed scoop shovel is free from harmful substances.

In addition to being non-toxic, the Plastic Feed Shovel is also rust-resistant. This quality ensures the longevity of the feed scoop shovel, even when exposed to moisture or outdoor conditions. Users can rely on the durable construction of this plastic scoop shovel for long-lasting performance.

Whether you are a farmer, rancher, or pet owner, the Plastic Feed Shovel is a practical and reliable tool for your feeding needs. Its convenient design, easy cleaning process, and durable construction make it a valuable addition to any feeding routine.

Experience the convenience and efficiency of the Plastic Feed Shovel for all your feeding tasks. Say goodbye to cumbersome handling and messy feed transfers with this essential plastic scoop shovel.

Get your hands on the Plastic Feed Shovel today and streamline your feeding operations with this reliable and easy-to-use tool!

Features:

Product Name: Plastic-Feed Shovel

Durability: High

Non-Toxic: Yes

Rust Resistant: Yes

Handle Material: Plastic

Easy To Clean: Yes

Technical Parameters:

Length	23.5CM
Rust Resistant	Yes
Weight	0.18kg
Material	Plastic
Width	14CM
Durability	High
Color	Black/Green
Non-Toxic	Yes
Ergonomic Design	Yes
Multi-Functional	Yes

Applications:

The Plastic Feed Shovel, also known as a Plastic Grain Scoop or Plastic Scoop Shovel, is a versatile tool designed for various agricultural and farming applications. Manufactured by Chuangpu, model number HL-MP99, this durable shovel is made in China and is well-suited for handling feed and grains efficiently.

One of the key features of this Plastic Feed Shovel is its high durability, making it a reliable tool for heavy-duty use. Whether you are working on a farm, ranch, stable, or garden, this shovel can withstand tough conditions and repeated use, ensuring long-lasting performance.

The shovel comes in a classic black or green color, providing a sleek and professional look. Its length of 23.5CM offers a comfortable grip and optimal handling for various tasks. Additionally, the shovel is rust-resistant, making it suitable for use in different weather conditions without compromising its quality.

The handle of the Plastic Feed Shovel is made of sturdy plastic material, offering a lightweight yet strong construction. This material provides a comfortable grip and reduces strain on the user's hands during prolonged use.

With its versatility and durability, the Plastic Feed Shovel is ideal for a wide range of application occasions and scenarios. It can be used for scooping and transferring grains, feeds, seeds, fertilizers, and other agricultural materials. Whether you are feeding livestock, spreading seeds, or cleaning out stables, this shovel is a practical tool to have on hand.

Overall, the Plastic Feed Shovel from Chuangpu is a reliable and efficient tool that meets the needs of farmers, gardeners, and agricultural workers. Its high durability, rust-resistant properties, and ergonomic design make it a valuable addition to any farm or gardening toolkit.
