### Product Description:

The Plastic Feed Shovel is a versatile and essential tool for any farm or stable. Its sturdy and durable design makes it ideal for various feeding tasks. This product is also known by other names such as Plastic Scoop Shovel, Plastic Grain Scoop, or Feed Dispensing Scoop. The shape of this shovel is specifically designed for efficient scooping and dispensing of feed. Its broad and deep scoop allows for easy handling of grains, pellets, or other types of feed. The shovel's design ensures that you can gather and transport feed with minimal spillage, making feeding time a breeze.

One of the key features of the Plastic Feed Shovel is its multi-functionality. Not only can it be used for feeding purposes, but it can also come in handy for various other tasks around the farm or stable. Whether you need to scoop up soil, gravel, or even snow, this shovel is up to the task.

The handle of the Plastic Feed Shovel is made of high-quality plastic material. This provides a comfortable grip while also ensuring durability and longevity. The plastic handle is easy to clean and maintain, making it a practical choice for busy farm environments. Designed with user comfort in mind, this shovel boasts an ergonomic design. The handle is shaped to fit comfortably in your hand, reducing strain and fatigue during extended use. The balanced weight distribution of the shovel also adds to its ease of handling, allowing you to work efficiently without unnecessary exertion.

When it comes to feeding livestock or performing other tasks that require scooping and dispensing, the Plastic Feed Shovel is a reliable and efficient tool. Its sturdy construction, versatile functionality, and ergonomic design make it a valuable addition to any farm or stable setting.

### Features:

Product Name: Plastic Feed Shovel

Easy To Clean: Yes

Shape: Shovel

Rust Resistant: Yes

Material: PP

Non-Toxic: Yes

### Technical Parameters:

|                  |         |
|------------------|---------|
| Handle Material  | Plastic |
| Multi-Functional | Yes     |
| Width            | 14CM    |
| Length           | 42CM    |
| Non-Toxic        | Yes     |
| Color            | Red     |
| Weight           | 0.26kg  |
| Durability       | High    |

| Usage            | Feeding |

### Applications:

The Chuangpu Plastic Feed Shovel, model HL-MP99B, is a versatile tool designed for various feeding applications. Made in China, this lightweight shovel weighs only 0.26kg, making it easy to handle and transport.

With its high durability, the Plastic Feed Shovel is built to withstand frequent use in different environments. Whether you are feeding livestock on a farm or distributing feed in a petting zoo, this shovel is up to the task.

Thanks to its multi-functional design, the Plastic Feed Shovel can be used for a wide range of tasks beyond feeding. You can use it for cleaning up spills, moving small amounts of material, or even as a gardening tool.

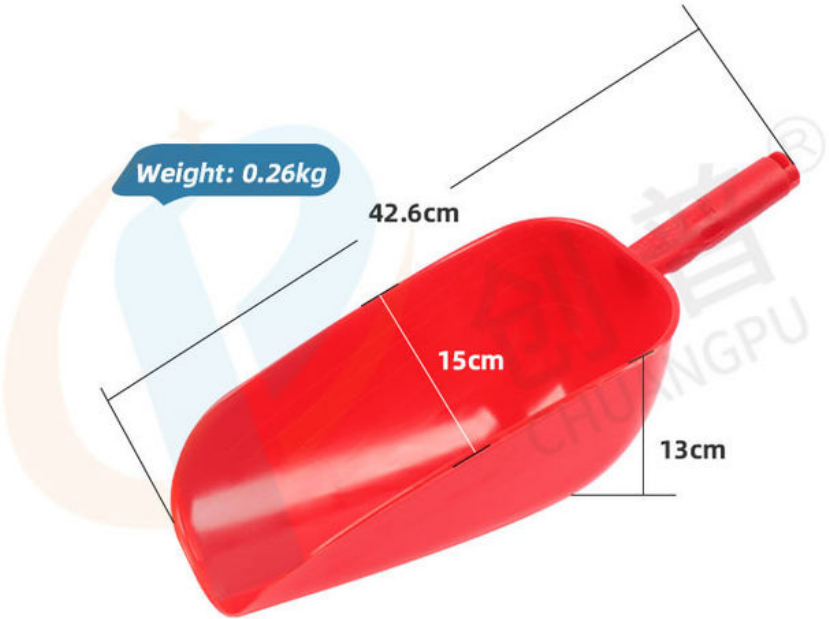

One of the key advantages of the Plastic Feed Shovel is its rust-resistant properties. This ensures that the shovel maintains its quality even when exposed to moisture or harsh weather conditions. Whether you are a farmer, pet owner, or gardener, the Plastic Feed Shovel is a reliable tool that can simplify your daily tasks. Its ergonomic design and practical size make it easy to handle, while its durable construction guarantees long-lasting performance. Investing in the Chuangpu Plastic Feed Shovel is a smart choice for anyone in need of a reliable, multi-functional scoop shovel for feed handling. Trust this shovel to make your feeding tasks easier and more efficient.
