Product Description:

The Plastic Feed Shovel is a versatile and essential tool for any barn or stable. Designed specifically for feeding tasks, this scoop shovel is ideal for dispensing feed to your animals with ease and efficiency.

One of the key features of this product is its non-toxic material, ensuring the safety of your animals when using the shovel for feeding.

The non-toxic attribute gives you peace of mind knowing that your animals are not being exposed to harmful substances during feeding time.

In addition to being non-toxic, the Plastic Feed Shovel also boasts an ergonomic design. The shovel is crafted with user comfort in mind, making it easy to hold and use for extended periods of time. The ergonomic design helps reduce strain on your hands and wrists, allowing you to feed your animals comfortably and efficiently.

Furthermore, this feed dispensing scoop is easy to clean, making maintenance a breeze. Simply rinse the shovel with water after each use to remove any leftover feed or debris. The smooth surface of the shovel makes it easy to wipe clean, saving you time and effort when caring for your equipment.

Another standout feature of the Plastic Feed Shovel is its rust-resistant properties. Built to withstand the demands of daily use in a barn or stable environment, this shovel is designed to resist rust and corrosion over time. You can rely on this shovel to maintain its quality and durability, even in challenging conditions.

Weighing just 0.16kg, this lightweight feed scoop is easy to handle and transport around your barn or stable. The manageable weight of the shovel makes it suitable for users of all ages and strengths, ensuring that feeding time is a hassle-free experience for everyone involved.

Whether you are feeding horses, cattle, chickens, or other animals, the Plastic Feed Shovel is a practical and reliable tool to have on hand. Its non-toxic material, ergonomic design, easy cleaning process, rust-resistant properties, and lightweight construction make it an excellent choice for any animal feeding task.

Invest in the Plastic Feed Shovel today and streamline your feeding routine with this durable and efficient scoop shovel for feed dispensing.

Features:

Product Name: Plastic Feed Shovel

Shape: Shovel

Rust Resistant: Yes

Non-Toxic: Yes

Applications:

The Plastic Feed Shovel by Chuangpu, model number HL-MP99C, is a versatile tool designed for various agricultural and household applications. Made in China, this plastic scoop shovel is perfect for handling a wide range of materials, making it an essential tool for farmers, gardeners, and homeowners.

With a length of 30cm and a width of 10.5cm, the Chuangpu Plastic Feed Shovel is compact yet sturdy, allowing for easy handling and efficient use. The bright orange color adds visibility to the tool, making it easy to locate in any setting.

Thanks to its ergonomic design, this plastic shovel is comfortable to hold and use, reducing strain on the user's hands and wrists. The lightweight construction further enhances its usability, making it suitable for extended periods of use without causing fatigue.

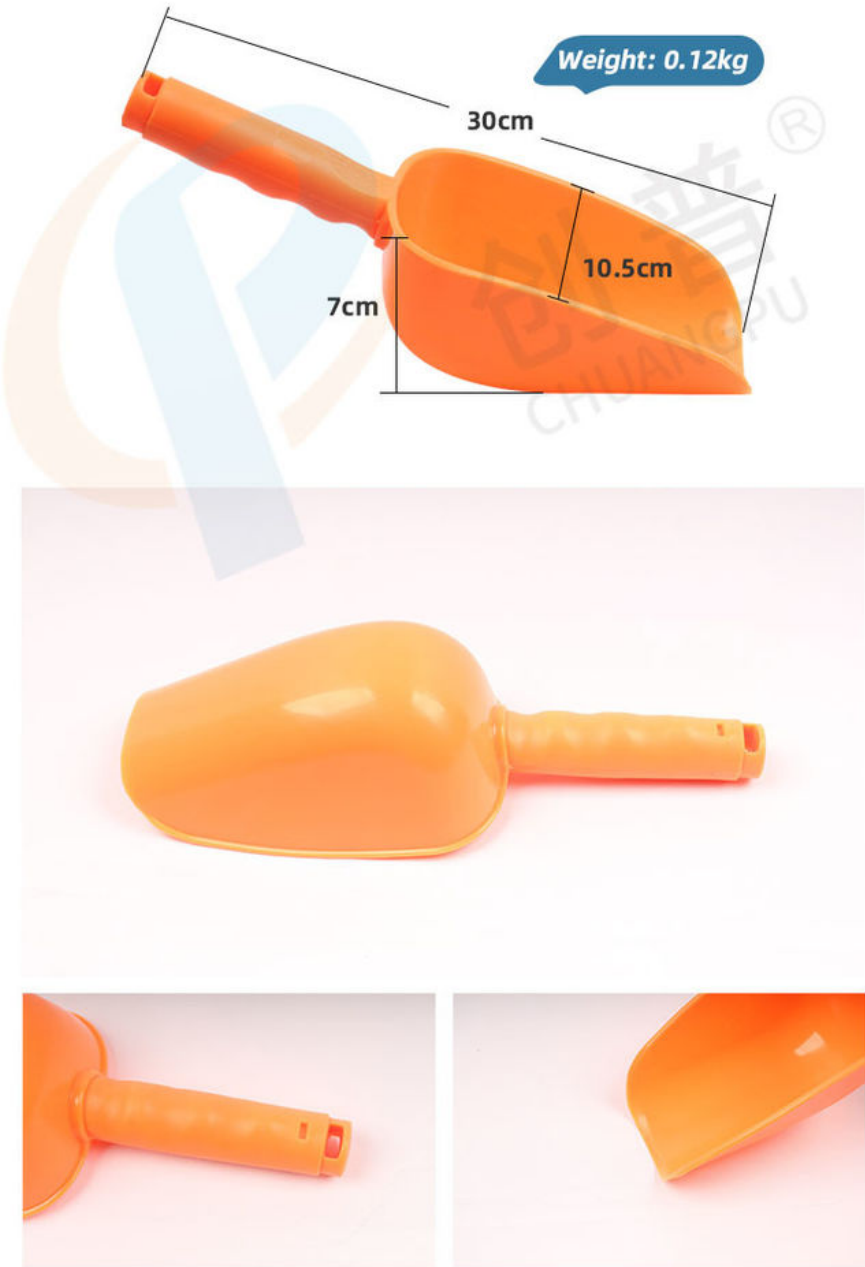

The Chuangpu Plastic Feed Shovel is not only practical but also easy to clean, ensuring hassle-free maintenance after each use. Whether you are scooping grain, feed, or other materials, this shovel is up to the task, delivering reliable performance every time.

Whether you are working in the barn, garden, or around the house, the Plastic Feed Shovel by Chuangpu is a dependable tool that simplifies various tasks. Its durable construction and versatile design make it a must-have for anyone in need of a reliable plastic scoop shovel for everyday use.
