

## Manual Pulsation Ratio Adjustment L80 Milking Machine Pulsator 60 Cycles Per Minute 2 ports

### Our Product Introduction

more products please visit us on [mobilemilkingmachine.com](http://mobilemilkingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-P01 L80
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: Western Union, T/T
- Supply Ability: 50000PCS /Month

#### Product Specification

- Applicable Industries: Farms, Retail
- Pulsation Rate: 60 Cycles Per Minute
- Material: Stainless Steel
- Pulsation Phase: Alternating
- Frequency: 50Hz
- Item: Pneumatic Pulsator
- Type: Pneumatic
- Pulsation Ratio Adjustment: Manual
- Highlight: 2 ports Milking Machine Pulsator,  
2 ports Milking Pulsator

### Product Description:

The Dairy Machine Pulsator is a game-changer in the industry, offering unparalleled performance and reliability. Crafted from high-quality stainless steel, this pulsator is built to withstand the rigors of daily milking operations, ensuring long-lasting durability and robust functionality.

One of the key features of the Dairy Machine Pulsator is its adjustable pulsation settings, allowing users to customize the pulsation rate to suit different livestock breeds and milking requirements. This flexibility ensures precise control over the milking process, resulting in higher milk yields and improved overall efficiency.

Whether you are a small-scale farm or a large retail operation, the Dairy Machine Pulsator is the ideal choice for enhancing your milking procedures. Its versatile design makes it suitable for a wide range of industries, including farms and retail outlets, making it a versatile and indispensable tool for any livestock operation.

Invest in the Dairy Machine Pulsator today and experience the difference in milking performance and productivity. With its innovative design, durable construction, and adjustable pulsation features, this pulsator is set to elevate your milking operations to new heights.

### Features:

Product Name: Milking Machine Pulsator

Type Of Animal: Cow, Sheep, Goat

Pulsation Rate: 60 Cycles Per Minute

Type: Pneumatic

Pulsation Ratio Adjustment: Manual

### Technical Parameters:

Pulsation Ratio	60:40
Pulsation Ratio Adjustment	Manual
Material	Stainless Steel
Pulsation Phase	Alternating
Pulsation Rate	60 Cycles Per Minute
Applicable Industries	Farms, Retail
Vacuum Ports	2 And 4
Type	Pneumatic
Type Of Animal	Cow, Sheep, Goat

### Applications:

The Chuangpu HL-P01 L80 Bovine Milking Pulsator is a high-quality farming machine pulsator designed for use in animal husbandry operations. Manufactured in China, this pneumatic pulsator is constructed with durable stainless steel materials, ensuring longevity and reliability in various farming environments.

With a pulsation rate of 60 cycles per minute and a pulsation ratio of 60:40, this pulsator provides efficient and gentle pulsation for bovine milking processes. The alternating pulsation phase of the Chuangpu HL-P01 L80 ensures optimal milking performance while maintaining the comfort and well-being of the animals.

The Milking Machine Pulsator is suitable for a wide range of product application occasions and scenarios in the agricultural industry. Whether used in small-scale dairy farms or large commercial operations, this animal pulsation device offers consistent and precise pulsation control to enhance milk extraction efficiency.

Farmers and livestock owners can benefit from the advanced features of the Chuangpu HL-P01 L80, making it an indispensable tool for modern milking operations. This reliable pulsator contributes to increased productivity, improved milk quality, and overall operational efficiency in dairy farming settings.

## L80 Pneumatic Milk Pulsator

Product name: L80 Pneumatic Milk Pulsator

Product Model: HL-P01

Product Feature:

- 1.Three model available
- 2.Effective regulation of pulsation frequency for gentle milking
- 3.Tightly structured, airtight, strong and durable

## PRODUCT PARAMETERS

**Model:** L80      **Pulsator Rate:** 60:40  
**Material:** SS Shell      **Exit Dia:** 9.5mm  
**Exits:** 2 plastic      **Package:** Cartons  
**Usage:** cow/goat milking parts

**Model:** L80      **Pulsator Rate:** 60:40  
**Material:** SS Shell      **Exit Dia:** 9.5mm  
**Exits:** 4 plastic      **Package:** Cartons  
**Usage:** cow/goat milking parts

**Model:** L80      **Pulsator Rate:** 60:40  
**Material:** SS Shell      **Exit Dia:** 9.5mm  
**Exits:** 2 SS      **Package:** Cartons  
**Usage:** cow/goat milking parts
