

Customized Insulated 4000mm Stainless Steel Water Trough for Cattle and Sheep with Water Conservation

Our Product Introduction

for more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: CChuangupu
- Model Number: HL-MP13
- Minimum Order Quantity: One Set
- Price: Negotiation
- Packaging Details: Normal Packaging
- Delivery Time: 7-10 working days
- Payment Terms: T/T, L/C, MoneyGram, Western Union
- Supply Ability: 500SETS/Month

Product Specification

- HL--Model: HL-MP13
- Tank Size: 4000*500*400mm (L*W*H)---can Be Customized
- Body Material: Stainless Steel
- Inner Thickness: 1.5mm (inner Layer)
- Outer Thickness: 1.2mm (outer Layer)
- Payment: T/T, Paypal, Western Union
- Highlight: cattle drinking bowl, dairy cow mattresses

Product**Description****n:**

The Cow Drinking Trough is a versatile and durable herd watering trough designed to meet the hydration needs of cows, goats, horses, and deer on ranches and farms. With an insulation layer thickness of 40-50mm, this watering hole ensures that the water remains at an optimal temperature regardless of external conditions, making it

suitable for
use in
various
environments

.
Constructed
from high-
quality
stainless
steel, this
farm water
trough is built
to withstand
rugged
conditions
and frequent
use,
providing
long-lasting
performance
and reliability.
The material
also ensures
that the water
remains
clean and
free from
contaminants
, promoting
the health
and well-
being of the
animals
drinking from
it.

Measuring
4000mm in
length, the
Cow Drinking
Trough offers
ample space
for multiple
animals to
hydrate
simultaneousl
y, reducing
competition
and ensuring
all animals
have access
to fresh
water. The
generous
length also
makes it
suitable for
larger herds
or groups of
animals,
making it a
practical and
efficient
solution for
ranches and
farms of all
sizes.

Equipped
with an
electric
heating bar,
this ranch
watering
trough
prevents
water from
freezing
during cold
weather,
ensuring
continuous
access to
water for the
animals. The
electric
heating

feature helps maintain the water temperature within a safe range, preventing freezing and ensuring that the animals can stay hydrated even in harsh winter conditions. Whether it's for cows, goats, horses, or deer, the Cow Drinking Trough is a reliable and essential watering solution for any farm or ranch. Its durable construction, efficient insulation, and electric heating capabilities make it a practical and convenient choice for ensuring the hydration needs of animals are met year-round.

Working Principle of Stainless Steel Water Trough For Cow:

Cattle, cow, sheep drinking arch when moving platen plate push the valve, water flows into the cup from the water for cattle, sheep and drink; after drinking, under the action of the spring reset plate, cutting water, stop water supply.

Description of Stainless Steel Water Trough

For Cow:
Cattle Water Trough of Stainless Steel is made of stainless steel, corrosion resistant. Based on the r

equirements, the size of customization. Included insulation, can be electrically heated.

Product Advantages of Stainless Steel Water Trough For Cow:

- 1) The water level significantly: cattle, sheep can clearly see the water, the first drink your fill;
- 2) water conservation: The experiment proved, can save more than 30% water, reducing pressure sewage and waste water treatment;
- 3) Security: can effectively prevent scratches and sheep drinking to avoid injury;
- 4) conservation treatment: the water supply of medication, water conservation while also saving medication;

Short Specification of Stainless Steel Water Trough For Cow:

Size: 4000*500*400mm (L*W*H)---can be customized;
Thickness: 1.2mm (outer layer), 2mm (inner layer);
Material: Stainless Steel;

Insulation layer thickness:	40-50mm
Material:	Stainless Steel
Length:	4000 Mm
Payment Term:	FOB Or CIF
Product Usage:	For Animals To Drink Water
Animal:	Cow, Goat, Horse, Deer
Model:	HL-MP13
Voltage:	220V-50Hz
Inner Thickness:	1.5mm (inner Layer)
Product Country Of Origin:	China
