

Orion K23 Milking Machine Liners Durable High Performance For Maximum Milking Operations

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: 023
- Minimum Order Quantity: 1 Bag
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 50000BAG /Month

Product Specification

- Resistance: Chemical And Wear Resistant
- Function: Milk Extraction
- Durability: Long-lasting 2500 Milking Times
- Teat Cup Size: 145mm/45mm/21mm
- Compatibility: Fits Most Milking Machines
- Animal: Cow
- Reference Model: Orion 023
- Material: Rubber
- Highlight: **Durable Milking Machine Liners,
High Performance Milking Machine Liners,
Maximum Milking Operations Liners**

Product Description:

The Milking Machine Liners are essential components for the smooth operation of your livestock milking mechanism, providing efficient and reliable performance in your dairy farming equipment setup. This pack includes 4 high-quality suction liners designed to enhance the milking process and ensure optimal productivity.

Constructed from durable rubber material, these Milking Machine Liners are built to withstand frequent use and offer long-lasting performance. The ribbed design of the liners helps to improve suction efficiency, ensuring a consistent and thorough milking process with each use.

With a durability that allows for up to 2500 milking times, these liners are a reliable choice for busy dairy farms and can withstand the demands of daily milking routines. Their ability to maintain quality performance over an extended period makes them a cost-effective solution for your milking machine needs.

In addition to their durability, these Milking Machine Liners are also highly resistant to chemicals and wear. This resistance ensures that the liners remain in top condition even when exposed to harsh cleaning agents or abrasive milking conditions, providing you with peace of mind regarding their longevity and performance.

Whether you are a small-scale dairy farmer or manage a large commercial operation, these Milking Machine Liners offer the reliability and efficiency needed to streamline your milking process and enhance overall productivity. Their quality construction and design make them a valuable addition to any dairy farming setup, helping to ensure smooth milking operations and consistent results.

Features:

Product Name: Milking Machine Liners

Design: Ribbed

Shape: Cylindrical

Teat Cup Size: 145mm/45mm/21mm

Material: Rubber

Name: Milking Machine Liner

Technical Parameters:

Teat Cup Size	145mm/45mm/21mm
Size	Standard
Cleaning Method	Easy To Clean
Material	Rubber
Quantity	Pack Of 4
Compatibility	Fits Most Milking Machines
Installation	Simple And Quick
Flexibility	Flexible
Shape	Cylindrical
Name	Milking Machine Liner

Applications:

The Chuangpu 023 Milking Machine Liner is a high-quality product designed for milking cows efficiently and effectively. Made in China, this milking machine liner is specifically crafted for the cattle teat cylinder, ensuring a secure and comfortable fit during the milking process.

Whether you are a small-scale dairy farmer or a large commercial operation, the Chuangpu 023 Milking Machine Liner is suitable for a variety of settings and applications. Its durable design allows for up to 2500 milking times, providing long-lasting performance and reliability.

Thanks to its chemical and wear-resistant properties, this milking machine liner is ideal for daily use and is easy to clean, making

maintenance a breeze. The Chuangpu 023 Milking Machine Liner is perfect for use in dairy farms, milk processing plants, and other agricultural settings.

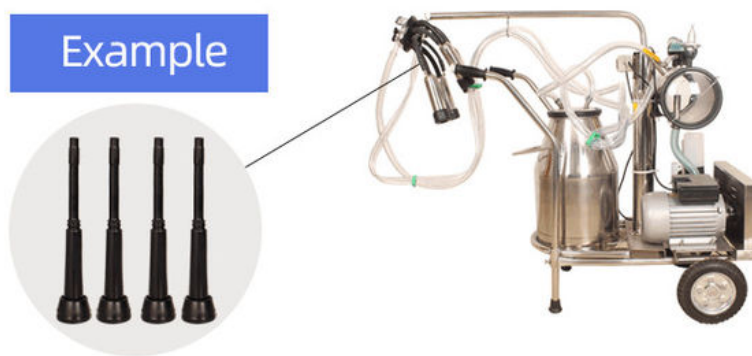

Whether you are using milking machine suction liners or milk extraction tubes, the Chuangpu 023 Milking Machine Liner is a versatile and dependable choice. Its resistance to chemicals and wear ensures that it can withstand the rigors of daily milking operations, providing a consistent and efficient milking experience.

Upgrade your milking process with the Chuangpu 023 Milking Machine Liner and experience the benefits of a high-quality product that is designed to meet the needs of dairy farmers. Invest in durability, reliability, and performance with this top-of-the-line milking machine liner.
