

Milking Machine Components 150CC Milking Claw With Shut-off Valve For Dairy Equipment

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-M01A
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Weight: 0.43kg
- Model: HL-M01A
- Air Outlet Diameter: 9.5mm
- Claw Type: Four-Prong
- Shut-off Valve: Yes
- Cap Material: PPSU
- Range: Cow Milking Machine Replacement Parts
- Liner Outlet Diameter: 13mm
- Highlight: **150CC Milking Claw, Shut-off Valve Milking Claw, Dairy Equipment Milking Claw**

Product Description:

The Milking Machine Claw boasts a generous capacity of 150CC, allowing for efficient milk collection and transfer during the milking process. Its superior design and construction make it an ideal choice for dairy farmers looking to optimize their milking operations. This innovative cow milking claw is part of the extensive range of cow milking machine replacement parts, offering a seamless fit and compatibility with various milking setups. Whether you are upgrading your existing milking cluster or in need of a reliable replacement part, the Milking Machine Claw is sure to exceed your expectations. Constructed with high-quality PPSU material, the Milking Machine Claw ensures both durability and hygiene in dairy operations. The cap material's superior strength and resistance to wear and tear make it a reliable choice for continuous milking processes, providing peace of mind to dairy farmers. The Milk Outlet Diameter of 19mm enhances the efficiency of milk flow, allowing for quick and effective milk extraction during milking sessions. This optimized diameter ensures a smooth milk transfer process, reducing milking time and enhancing overall productivity in the dairy farm. Upgrade your milking setup with the Milking Machine Claw and experience the benefits of a high-performance milking cluster that is designed to meet the demands of modern dairy farming. Enhance your milking efficiency, improve milk collection processes, and ensure the well-being of your dairy cows with this essential cow milking claw assembly.

Features:

Product Name: Milking Machine Claw
Milk Outlet Diameter: 19mm
Capacity: 150CC
Claw Base: Plastic
Liner Outlet Diameter: 13mm
Item: Cow Milking Machine Claw

Technical Parameters:

Air Outlet Diameter	9.5mm
Capacity	150CC
Cap Material	PPSU
Weight	0.43kg
Model	HL-M01A
Item	Cow Milking Machine Claw
Range	Cow Milking Machine Replacement Parts
Shut-off Valve	Yes
Claw Base	Plastic
Liner Outlet Diameter	13mm

Applications:

Originating from China, this milking machine claw features a shut-off valve for convenient operation and maintenance. The air outlet diameter of 9.5mm ensures proper airflow during milking, contributing to the overall efficiency of the milk collection process. The four-prong claw design of the Chuangpu HL-M01A provides a secure and stable connection to the milking machine, allowing for smooth milk extraction without leakage or spillage. The cap material, made of durable PPSU, ensures longevity and resistance to wear and tear, making it a reliable choice for daily milking operations. Whether used in small-scale dairy farms or large commercial operations, this milk claw is versatile and efficient, catering to the needs of different milking scenarios. Its robust construction and reliable performance make it a valuable tool for dairy farmers looking to streamline their milking processes and maximize productivity.

150CC Milk Claw

Model: M01

Capacity: 150CC

Material: PC/PPSU

Base: Plastic

Applicable: COW

Milk Outlet Dia: 19mm

Liner Outlet Dia: 13mm

Air Outlet Dia: 9.5mm

Weight: 0.43kg

Packing: carton

Model: M01B

Capacity: 150CC

Material: PC/PPSU

Base: SS

Applicable: COW

Milk Outlet Dia: 19mm

Liner Outlet Dia: 13mm

Air Outlet Dia: 9.5mm

Weight: 0.83kg

Packing: carton
