

2500 Milking Times Dairy Milking Inflation Bomatic 400MX for Long Lasting Milking of Cows Dairy Animals

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: 400MX
- Minimum Order Quantity: 1 Bag
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 50000BAG /Month

Product Specification

- Resistance: Highly Resistant To Wear And Tear
- Usage: For Milking Cows And Other Dairy Animals
- Durability: Long-lasting
- Compatibility: Fits Most Milking Machines
- Flexibility: Flexible
- Animal: Cow
- Shape: Cylindrical
- Name: 400MX Milking Inflation
- Highlight: **Bomatic 400MX Dairy Milking Inflation, 2500 Milking Times Dairy Milking Inflation, milking machine spare parts**

Product Description:

The 400MX Milking Inflation is a top-of-the-line product in the realm of Milking Machine Suction Liners, designed to optimize the milking process for dairy farmers. This innovative liner is compatible with most milking machines, ensuring a seamless fit and easy integration into existing Dairy Milking System Components.

One of the standout features of the 400MX Milking Inflation is its exceptional resistance to wear and tear. Constructed from high-quality materials, this liner is built to withstand the rigors of daily milking operations, providing long-lasting durability and reliability. Farmers can trust that this product will maintain its performance even under heavy use.

Specifically crafted for use with cows, the 400MX Milking Inflation is tailored to meet the unique needs of bovine milking. The Teat Cup Size of 140mm/43mm/19mm ensures a secure and comfortable fit for the cow's teats, optimizing the milking process for both efficiency and animal comfort.

When it comes to vacuum teat cups, the 400MX Milking Inflation sets a high standard for quality and performance. Its precision engineering ensures a consistent and reliable suction that is essential for effective and hygienic milking practices. Farmers can rely on this liner to deliver optimal results with each use, contributing to overall milk quality and herd health.

In conclusion, the 400MX Milking Inflation is a must-have component for dairy farmers looking to enhance their milking operations. With its compatibility, resistance to wear and tear, and tailored design for cows, this product stands out as a top choice for those seeking reliable and efficient vacuum teat cups. Invest in the 400MX Milking Inflation and experience the difference in your milking process today!

Features:

Product Name: Milking Machine Liners

Quantity: Sold In Sets Of 4 Liners

Name: 400MX Milking Inflation

Durability: Long-lasting

Service Life: 2500 Milking Times

Usage: For Milking Cows And Other Dairy Animals

Technical Parameters:

Attribute	Value
Animal	Cow
Name	400MX Milking Inflation
Cleaning Method	Easily Cleaned With Warm Water And Soap
Compatibility	Fits Most Milking Machines
Color	Black
Durability	Long-lasting
Shape	Cylindrical
Resistance	Highly Resistant To Wear And Tear
Flexibility	Flexible
Quantity	Sold In Sets Of 4 Liners

Applications:

The Chuangpu 400MX Milking Inflation liners are versatile cow milking accessories designed to enhance the milking process in various agricultural settings. These black liners are highly resistant to wear and tear, making them durable and long-lasting for continuous use. The flexibility of the liners allows for easy installation and efficient milk extraction, ensuring a smooth milking experience.

These milking machine liners are suitable for a range of product application occasions and scenarios, including dairy farms, cattle ranches, and milk processing plants. The 400MX model, originating from China, is specifically created to meet the demands of modern

milking operations.

With a teat cup size of 140mm/43mm/19mm, these liners are compatible with a variety of teat sizes, providing a secure and comfortable fit during the milking process. The resistance of the liners makes them ideal for heavy-duty use, ensuring consistent performance and reliable milk extraction.

Whether used in small-scale dairy farms or large commercial milking facilities, the Chuangpu 400MX Milking Inflation liners offer a practical solution for efficient milk extraction. These essential milk extraction tubes play a crucial role in the milking process, delivering high-quality results with each use.
