Product Description:

The Milking Machine Liners are essential dairy farming equipment designed for efficient livestock milking mechanisms. These high-quality liners are compatible with most goat milking machines, providing a reliable solution for livestock milking supplies.

Featuring a length of 148mm, these liners are optimized for use within a milking machine system. Their flexibility allows for smooth operation and easy attachment to the milking equipment, ensuring a seamless milking process.

When it comes to cleaning, these liners can be easily cleaned with warm water and soap, making maintenance hassle-free and convenient for dairy farmers. This simple cleaning method helps in maintaining hygiene standards and prolonging the lifespan of the liners.

Features:

Product Name: Milking Machine Liners

Compatibility: Fits Most Goat Milking Machines

Cleaning Method: Easily Cleaned With Warm Water And Soap

Color: White

Model: HL-M15

Animal: Goat And Sheep

Technical Parameters:

Length	148mm
Material	Silicone
Package Includes	2 Milking Machine Liners
Model	HL-M15
Size	Standard
Color	White
Compatibility	Fits Most Goat Milking Machines
Cleaning Method	Easily Cleaned With Warm Water And Soap
Usage	Milking Machine System
Flexibility	Flexible

Applications:

The Chuangpu Goat Milk Liner G320 is a high-quality product designed for efficient milking of goats. This milking machine liner is a crucial component in the cattle milking process, specifically for goat milking. The product is made in China and comes in a package that includes 2 milking machine liners.

With a length of 148mm, the Chuangpu Goat Milk Liner G320 is suitable for various types of milking equipment. Its flexibility allows for easy attachment and use with different milking machines, making it a versatile option for farmers and dairy producers.

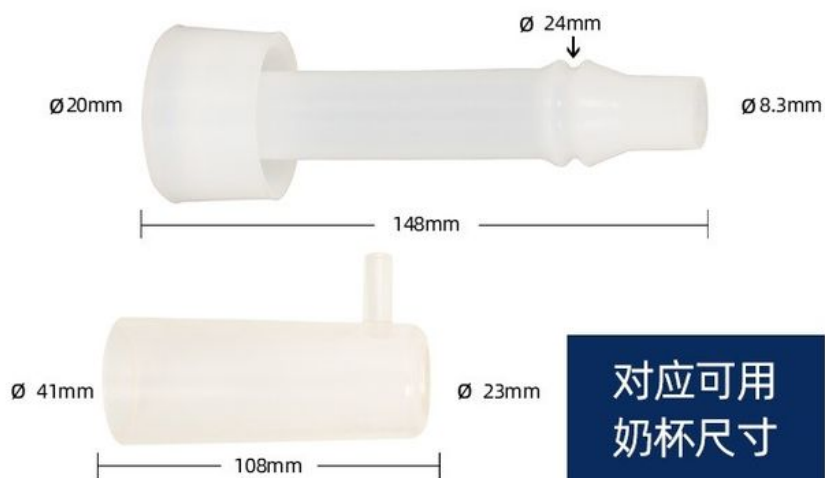

The white color of the milking machine liners ensures visibility and easy maintenance. Cleaning the liners is a breeze as they can be easily cleaned with warm water and soap, making them a convenient choice for daily milking routines.

Whether you are milking goats for commercial purposes or on a small farm, the Chuangpu Goat Milk Liner G320 is a reliable choice that guarantees optimal performance. The liners are compatible with cattle teat cylinders and cow milking accessories, enhancing their versatility and usability in various milking scenarios.
