Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-M01D
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Shut-off Valve: Yes
- Claw Type: Four-Prong
- Weight: 0.47kg
- Range: Cow Milking Machine Replacement Parts
- Item: Cow Milking Machine Claw
- Capacity: 200CC
- Liner Outlet Diameter: 12.5mm
- Milk Outlet Diameter: 20.7mm
- Highlight: **PSU Cap Milking Machine Claw,
Dairy Farm Milking Machine Claw,
200CC Milking Machine Claw**

Product Description:

Designed as a cow milking machine replacement part, the Milking Machine Claw is compatible with various milking equipment setups, making it a versatile choice for dairy farms of all sizes. Weighing only 0.47kg, this suction claw for cattle is lightweight and easy to handle, facilitating smooth operation during milking procedures.

The Milking Machine Claw is equipped with an air outlet diameter of 10mm, allowing for efficient airflow and suction power during the milk harvesting process. This feature ensures optimal performance and milk extraction, contributing to higher productivity and milk yield for dairy farmers.

Whether you are a professional dairy farmer or a hobbyist looking to streamline your milk harvesting operations, the Milking Machine Claw is a reliable and practical solution. With its shut-off valve, four-prong claw type, and compatibility with various milking machine systems, this product offers convenience and efficiency for all your milking needs.

Purchase the Milking Machine Claw today and experience the benefits of using a high-quality suction claw for cattle. Enhance your milking process, improve milk yield, and optimize your dairy farm operations with this durable and efficient milk harvesting claw.

Features:

Product Name: Milking Machine Claw

Milk Outlet Diameter: 20.7mm

Liner Outlet Diameter: 12.5mm

Item: Cow Milking Machine Claw

Range: Cow Milking Machine Replacement Parts

Shut-off Valve: Yes

Technical Parameters:

Attribute	Value
Milk Outlet Diameter	20.7mm
Range	Cow Milking Machine Replacement Parts
Weight	0.47kg
Shut-off Valve	Yes
Cap Material	PSU
Type	Waikato
Model	HL-M01D
Claw Base	Stainless Steel
Liner Outlet Diameter	12.5mm
Air Outlet Diameter	10mm

Applications:

The Milking Machine Claw product by Chuangpu, model HL-M01D, is a versatile and efficient piece of equipment designed for various product application occasions and scenarios. Originating from China, this milking machine claw features a four-prong claw type, making it suitable for a wide range of cow milking machine replacement parts.

One of the standout features of this milking machine claw is its shut-off valve, providing users with added control and convenience during the milking process. The model HL-M01D is specifically designed to cater to the needs of farmers and dairy producers looking for a reliable and high-quality suction claw for cattle.

Whether you are operating a small-scale dairy farm or a larger commercial operation, the Milking Machine Claw by Chuangpu is an essential component of any milking cluster. Its milk outlet diameter of 20.7mm ensures efficient milk flow and extraction, contributing to a smooth and productive milking process.

With its durable construction and precise engineering, this milking machine claw is built to withstand the rigors of daily use in a farming environment. It is easy to install and compatible with various types of milking machines, making it a versatile and practical choice for dairy

farmers.

Whether you are milking a few cows or a large herd, the Milking Machine Claw by Chuangpu, model HL-M01D, is a reliable and efficient solution for all your milking needs. Trust in the quality and performance of this suction claw for cattle to streamline your milking operations and ensure the well-being of your dairy animals.
