

## Boumatic 400CC Capacity Cow Milking Machine Claw For Improved Milking Efficiency

Our Product Introduction

more products please visit us on [mobilemilkingmachine.com](http://mobilemilkingmachine.com)

### Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-M03C-4 Bomatic
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

### Product Specification

- Claw Type: Four-Prong
- Claw Base: PSU
- Range: Cow Milking Machine Replacement Parts
- Model: HL-M03C-4 Bomatic
- Liner Outlet Diameter: 14.5mm
- Air Outlet Dia.: 9.9mm
- Item: Cow Milking Machine Claw
- Cap Material: PSU
- Highlight: 400CC Capacity Cow Milking Machine Claw, Boumatic Cow Milking Machine Claw

### Product Description:

The Cow Milking Machine Claw is an essential component for efficient dairy operations, designed to optimize milk extraction from cows during the milking process. With a Milk Outlet Diameter of 19.1mm, this milk suction claw is precisely engineered to ensure a smooth and consistent milk flow, enhancing the overall productivity of the milking machine.

Equipped with a Four-Prong Claw Type, this dairy machine claw is built for durability and reliability, capable of withstanding the rigors of daily milking routines. The four-prong design provides a secure and stable grip on the teats, allowing for efficient milk extraction without causing discomfort to the cows.

The Cow Milking Machine Claw has a generous Capacity of 400CC, enabling it to handle large volumes of milk without compromising performance. This high-capacity design is ideal for dairy farmers looking to streamline their milking process and maximize efficiency. With a Liner Outlet Diameter of 14.5mm, this milk suction claw is compatible with standard milking machine components, making it easy to integrate into existing setups. The precise diameter ensures a tight seal and optimal suction, facilitating effective milk extraction while minimizing the risk of leaks or spills.

Overall, the Cow Milking Machine Claw is a reliable and efficient tool for dairy farmers seeking to enhance their milking operations. From its precise Milk Outlet Diameter to its durable Four-Prong Claw Type, this product is designed to deliver consistent performance and exceptional results. Invest in the Cow Milking Machine Claw and experience the benefits of a high-quality dairy machine claw that prioritizes efficiency, durability, and productivity.

### Features:

Product Name: Milking Machine Claw

Liner Outlet Diameter: 14.5mm

Claw Base: PSU

Milk Outlet Diameter: 19.1mm

Model: HL-M03C-4 Bomatic

Cap Material: PSU

### Technical Parameters:

Claw Base	PSU
Milk Outlet Diameter	19.1mm
Capacity	400CC
Claw Type	Four-Prong
Weight	0.46kg
Liner Outlet Diameter	14.5mm
Shut-off Valve	With Valve
Item	Cow Milking Machine Claw
Range	Cow Milking Machine Replacement Parts
Model	HL-M03C-4 Bomatic

### Applications:

The Milking Machine Claw product by Chuangpu, model HL-M03C-4 Bomatic, is a versatile and essential component designed for various product application occasions and scenarios. Manufactured in China, this milk collector is specifically designed for use with cow milking machines, making it an ideal suction claw for cattle in dairy farms and agricultural settings.

With a milk outlet diameter of 19.1mm and a liner outlet diameter of 14.5mm, the Chuangpu Milking Machine Claw has a capacity of 400CC, allowing for efficient milk collection during the milking process. The four-prong claw type ensures secure attachment and reliable performance, making it a durable and reliable component for cow milking machine replacement parts.

Whether in large-scale dairy operations or small farm settings, the Milking Machine Claw from Chuangpu is suitable for a wide range of

scenarios. It is perfect for daily milking routines, ensuring optimal milk extraction and minimal spillage. The robust construction and precise design of the claw make it a valuable addition to any milking setup, enhancing productivity and efficiency. Farmers and dairy producers can rely on the Chuangpu Milking Machine Claw to streamline their milking process and maintain high standards of hygiene and milk quality. Its compatibility with various cow milking machines makes it a versatile and practical choice for dairy operations of all sizes.
