

Milking Process Milk Rite Milking Machine Claw 350CC Shut Off Valve

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-M03D-4
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Model: HL-M03D-4
- Claw Type: Four-Prong
- Air Outlet Dia.: 9.9mm
- Milk Outlet Diameter: 21.1mm
- Claw Base: PSU
- Range: Cow Milking Machine Replacement Parts
- Reference Brand: Milk-rite
- Shut-off Valve: With Valve
- Highlight: Shut off Valve Milking Machine Claw, Milk rite Milking Machine Claw, 350CC Milking Machine Claw

Product Description:

The Milking Machine Claw by Milk-rite is an essential component for any dairy farm looking to efficiently harvest milk from cows. This cow milking claw assembly is designed with precision and quality in mind, ensuring a reliable and consistent performance during milking operations.

Featuring a Milk Outlet Diameter of 21.1mm, this milking claw is optimized for effective milk flow, allowing for swift and thorough milk harvesting. The four-prong Claw Type ensures a secure attachment to the milking cluster, providing stability and minimizing potential disruptions during the milking process.

As part of the Cow Milking Machine Replacement Parts range, this milking claw is compatible with various milking machine setups, offering versatility and ease of integration. The Air Outlet Dia. of 9.9mm further enhances the efficiency of the milking process, facilitating the smooth release of air to maintain optimal vacuum levels.

Whether you are looking to upgrade your existing milking equipment or need a reliable replacement part, the Milking Machine Claw by Milk-rite is a dependable choice. Its durable construction and precise design make it a valuable addition to any dairy farm seeking to maximize milk production and operational efficiency.

Investing in high-quality components like the Milking Machine Claw is crucial for ensuring the well-being of your cows and the quality of the milk they produce. By utilizing a top-notch milk harvesting claw, you can streamline your milking operations and ensure a hygienic and efficient process from start to finish.

Upgrade your milking setup with the Milking Machine Claw by Milk-rite and experience the difference in performance and reliability. This essential component is designed to meet the demands of modern dairy farming, offering a practical solution for enhancing milk harvesting efficiency.

Features:

Product Name: Milking Machine Claw
Capacity: 350CC
Model: HL-M03D-4
Air Outlet Dia.: 9.9mm
Claw Base: PSU
Weight: 0.42kg

Technical Parameters:

Milk Outlet Diameter	21.1mm
Claw Base	PSU
Cap Material	PSU
Liner Outlet Diameter	13.5mm
Claw Type	Four-Prong
Range	Cow Milking Machine Replacement Parts
Air Outlet Dia.	9.9mm
Capacity	350CC
Weight	0.42kg
Shut-off Valve	With Valve

Applications:

The Chuangpu Milking Machine Claw, model HL-M03D-4, is a versatile and efficient product designed for use in various milk harvesting applications. With its origins in China, this milk collector is a reliable and high-quality solution for dairy farmers looking to streamline their milking processes.

The milk harvesting claw features a PSU claw base that provides durability and longevity, making it suitable for heavy-duty use in dairy

farms. The built-in shut-off valve ensures precise control over the milk flow, allowing for efficient milk collection without any wastage. Designed for ease of use, the HL-M03D-4 model is equipped with a liner outlet diameter of 13.5mm, making it compatible with a wide range of milk tubing sizes. Despite its sturdy construction, this cow milk machine claw is lightweight, weighing only 0.42kg, which makes it convenient to handle during milking operations. Whether in a small-scale dairy farm or a larger commercial operation, the Chuangpu Milking Machine Claw is suitable for various milking scenarios. Its reliable performance and robust build make it an ideal choice for farmers looking to improve milk harvesting efficiency and productivity.

350CC Milk Claw

With shut-off valve

Model: HL-M03D-4	Milk Outlet Dia: 21mm
Capacity: 350CC	Liner Outlet Dia: 13.5mm
Material: PSU	Air Outlet Dia: 9.9mm
Applicable: COW	Weight: 0.42kg
	Packing: carton

2 types milk outlet

With out shut-off valve

Model: HL-M03D-5	Milk Outlet Dia: 21mm
Capacity: 350CC	Liner Outlet Dia: 13.5mm
Material: PSU	Air Outlet Dia: 9.9mm
Applicable: COW	Weight: 0.39kg
	Packing: carton

2 types milk outlet
