Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-M03D-5
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Shut-off Valve: Without Valve
- Cap Material: PSU
- Capacity: 350CC
- Range: Cow Milking Machine Replacement Parts
- Liner Outlet Diameter: 13.5mm
- Claw Type: Four-Prong
- Weight: 0.39kg
- Air Outlet Dia.: 9.9mm
- Highlight: **Milk Cluster Cow Milking Machine Claw, 350CC Cow Milking Machine Claw**

Product Description:

The Claw Base of this milking machine claw is constructed with sturdy PSU material, known for its strength and durability in handling the rigorous demands of daily milking operations. The PSU Claw Base provides a secure and stable connection to the milking system, ensuring consistent and efficient milk flow during the milking process.

With a Liner Outlet Diameter of 13.5mm, this dairy cow milking claw is designed to accommodate various milking setups and equipment configurations. The 13.5mm outlet diameter allows for smooth and unrestricted milk flow, reducing the risk of blockages and ensuring optimal milking performance.

Manufactured by the renowned brand Milk-rite, this cow milking machine claw meets the highest standards of quality and reliability in the dairy industry. Milk-rite is known for producing top-of-the-line milking equipment and accessories, trusted by dairy farmers worldwide for their performance and durability.

In addition to its robust Claw Base and optimal Liner Outlet Diameter, this cow milking claw also features a Cap Material made of high-quality PSU. The PSU Cap Material enhances the durability and longevity of the milking machine claw, ensuring consistent performance and minimal maintenance requirements.

Whether you are a small-scale dairy farmer or a large commercial operation, the Cow Milking Machine Claw is designed to meet your milking needs with precision and efficiency. Trust in the quality and reliability of this dairy cow milking claw to streamline your milking process and maximize productivity on your farm.

Features:

Product Name: Milking Machine Claw

Shut-off Valve: Without Valve

Claw Type: Four-Prong

Milk Outlet Diameter: 21mm

Range: Cow Milking Machine Replacement Parts

Capacity: 350CC

Technical Parameters:

Capacity	350CC
Range	Cow Milking Machine Replacement Parts
Claw Base	PSU
Milk Outlet Diameter	21mm
Liner Outlet Diameter	13.5mm
Claw Type	Four-Prong
Item	Cow Milking Machine Claw
Reference Brand	Milk-rite
Cap Material	PSU
Air Outlet Dia.	9.9mm

Applications:

When it comes to efficient and reliable milking equipment, the Chuangpu HL-M03D-5 Cow Milking Machine Claw is a top choice for dairy farmers. This milking machine claw, featuring a four-prong design, is specifically designed to provide gentle and effective udder suction during the milking process.

One of the key features of the Chuangpu HL-M03D-5 milking machine claw is its precise engineering, originating from China. The claw is expertly crafted to ensure optimal performance and durability, making it suitable for use in various dairy farming settings.

The air outlet diameter of 9.9mm and liner outlet diameter of 13.5mm contribute to the efficient operation of this milking machine claw.

The 21mm milk outlet diameter allows for smooth milk flow, enhancing the overall milking process.

Whether you are operating a small-scale dairy farm or a large commercial operation, the Chuangpu HL-M03D-5 Cow Milking Machine Claw is versatile enough to meet your needs. Its reliable performance and sturdy construction make it ideal for daily milking routines.

Use this udder suction claw during both manual and automatic milking processes to ensure thorough and comfortable milking for your cows. The four-prong design helps to evenly distribute suction, reducing the risk of discomfort for the animals. In summary, the Chuangpu HL-M03D-5 Cow Milking Machine Claw is a dependable and effective tool for dairy farmers looking to streamline their milking operations. With its high-quality construction and thoughtful design, this milking machine claw is sure to enhance the efficiency and productivity of your dairy farm.
