

Cow Milking Machine Replacement Parts 350CC Milk Claw For Optimal Milking Performance

Our Product Introduction

more products please visit us on mobilemilkingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: Chuangpu
- Model Number: HL-M04
- Minimum Order Quantity: 1 PCS
- Price: Negotiable
- Packaging Details: Carton
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union,
- Supply Ability: 5000PCS /Month

Product Specification

- Capacity: 350CC
- Cap Material: PC/PPSU
- Claw Base: Stainless Steel
- Model: HL-M04
- Milk Outlet Diameter: 19mm
- Range: Cow Milking Machine Replacement Parts
- Claw Type: Four-Prong
- Highlight: **Optimal Milking Performance Milking Machine Claw**
, Replacement Parts Milking Machine Claw,
350CC Milking Machine Claw

Product Description:

The Cow Milking Machine Claw is a vital component in any dairy farm setup, serving as the milk harvesting claw that efficiently collects milk from cows during the milking process. This high-quality milking claw is designed with durable materials to ensure longevity and optimal performance.

Constructed with a cap made from PC/PPSU material, the milking claw is built to withstand the rigors of daily milking routines while maintaining excellent sanitary conditions. The use of PC/PPSU ensures that the claw remains durable and resistant to damage, making it a reliable tool for consistent milk collection.

With a generous capacity of 350CC, this milk collector claw is capable of efficiently gathering a significant volume of milk during each milking session. The ample capacity reduces the need for frequent emptying, streamlining the milking process and improving overall efficiency on the farm.

The milk outlet diameter of 19mm on the cow milking machine claw is optimized for smooth milk flow, preventing clogs and ensuring a steady collection of milk from the cows. This ideal diameter size facilitates efficient milk extraction, minimizing potential disruptions and enhancing the overall milking experience.

Weighing just 0.42kg, the milking claw for cows is lightweight and easy to handle, allowing for comfortable use by operators during the milking process. The lightweight design contributes to reduced operator fatigue, enabling extended periods of milking without undue strain.

Whether you are a small-scale dairy farmer or managing a large commercial dairy operation, the milk harvesting claw is a valuable asset that enhances milk collection efficiency and workflow. Invest in the cow milking machine claw to optimize your milking process and ensure consistent milk harvesting results.

Features:

Product Name: Milking Machine Claw
 Reference Brand:
 Milk Outlet Diameter: 19mm
 Item: Cow Milking Machine Claw
 Shut-off Valve: With Valve
 Air Outlet Dia.: 10mm

Technical Parameters:

Claw Type	Four-Prong
Liner Outlet Diameter	18 mm
Milk Outlet Diameter	19 mm
Model	HL-M04
Cap Material	PC/PPSU
Weight	0.42 kg
Claw Base	Stainless Steel
Reference Brand	
Item	Cow Milking Machine Claw
Capacity	350 cc

Applications:

The **Chuangpu HL-M04 Milking Machine Claw** is a vital component used in dairy farming for the efficient and hygienic collection of milk from cows. Designed and manufactured in China, this milking machine claw is a top-quality product suitable for various applications in the dairy industry.

With a milk outlet diameter of 19mm and an air outlet diameter of 10mm, the **Chuangpu HL-M04 Milking Machine Claw** is specially

crafted to ensure optimal milk suction and air release during the milking process. This model, also known as HL-M03D-5, is a reliable choice for dairy farmers looking for superior cow milking machine replacement parts.

The **Chuangpu HL-M04 Milking Machine Claw** is perfect for a wide range of product application occasions and scenarios in dairy farming. Whether used in small-scale or large-scale dairy operations, this milk suction claw guarantees efficient milk harvesting with its 350CC capacity.

Whether you are milking a single cow or an entire herd, the **Chuangpu HL-M04 Milking Machine Claw** ensures a seamless milking process, making it an essential tool for dairy farmers worldwide. Its durable construction and reliable performance make it a valuable investment for any dairy operation.

Delaval Series

350CC Milk Claw

With shut-off valve

Model: HL-M04	Milk Outlet Dia: 19mm
Capacity: 350CC	Liner Outlet Dia: 18mm
Material: PC/PSU	Air Outlet Dia: 10mm
Base: SS	Weight: 0.42kg
Applicable: COW	Packing: carton
